# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:____________** **Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC:** ***NUMBERS***

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Number *concept (sorting and grouping)***

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to sort and group objects according to color.

**KEY INQUIRY QUESTION (s)**

How do you sort and group objects?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Books.

Crayons, flowers, pictures.

Mathematics pupil's book 1 pg.65.

Mathematics teachers guide grade 1 pg. 77.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to sort and group objects according to size and shape.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to sort and group objects according to color.

***Step 2:*** Guide Learner in pairs or groups to sort and group objects according color.

***Step 3:*** Learners to do activities in pupil's book page 65.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to sort and group objects according to colour

**EXTENSION OF ACTIVITIES**

Learners to identify items of similar colours in class, school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

--------------------------------------------------------------------------------------------------------

--------------------------------------------------------------------------------------------------------

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:____________ Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: *NUMBERS***

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Number concept (pairing and matching)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to pair and match objects according to shape.

**KEY INQUIRY QUESTION (s)**

How do you pair and match objects?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Paper cut-outs of triangles and rectangular cut-outs of different sizes.

Mathematics pupil's book 1 pg.66

Mathematics teachers guide grade 1 pg. 78

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups

**INTRODUCTION**

Learners to pair and match objects according to size.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to pair and match using the attribute of shape irrespective of their size. Use circular, triangular and rectangular cut-outs of different sizes.

***Step 2:*** Guide Learner in pairs or groups to pair and match objects according to shapes. Using circular, triangular and rectangular cut-outs of different sizes.

***Step 3:*** Learners to do activities in pupil's book page 66.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to display and discuss their work on pairing and matching.

**EXTENSION OF ACTIVITIES**

Learners to pair and match objects according to shape in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

-----------------------------------------------------------------------------------------------------------------------------

-----------------------------------------------------------------------------------------------------------------------------

**LESSON PLAN MATHEMATICS ACTIVITIES**

**Week:____________ Lesson: ___________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: *NUMBERS***

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Number concept (pairing and matching)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to pair and match objects according to colour.

**KEY INQUIRY QUESTION (s)**

How do you pair and match objects?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Beads.

Bottles, pieces of cloth.

Mathematics pupil's book 1 pg.67.

Mathematics teachers guide grade 1 pg. 79.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to pair and match objects according to shape.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Using objects of different colours, pair and match them using the attribute of colour; irrespective of their size.

***Step 2:*** Guide Learner in pairs or groups to pair and match objects according to colour.

***Step 3:*** Learners to do activities in pupil's book page 67.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to pair and match objects according to colour.

**EXTENSION OF ACTIVITIES**

*L*earners to pair and match objects according to colours in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

-----------------------------------------------------------------------------------------------------------------------------

-----------------------------------------------------------------------------------------------------------------------------

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:____________ Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC:** ***NUMBERS***

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Number concept (ordering)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to order and sequence objects in ascending order.

**KEY INQUIRY QUESTION (s)**

How do you order and sequence objects?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Paper cut- outs.

Bottles.

Mathematics pupil's book 1 pg.68.

Mathematics teachers guide grade 1 pg. 80.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups

**INTRODUCTION**

Learners to sing a song about ordering and sequencing. For example; big, bigger and biggest; small, smaller and smallest.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to order and sequence bottles in ascending order according to size irrespective of their colour.

***Step 2:*** Guide Learner in pairs or groups to order and sequence bottles in ascending order according to size.

***Step 3:*** Learners to do activities in pupil's book page 68.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to order and sequence objects in ascending order according to size in class.

**EXTENSION OF ACTIVITIES**

Learners to order and sequence objects in ascending order in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

-----------------------------------------------------------------------------------------------------------------------------------------------------

-----------------------------------------------------------------------------------------------------------------------------------------------------

**LESSON PLAN MATHEMATICS ACTIVITIES**

**Week:____________** **Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC:** ***NUMBERS***

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Number concept (making patterns)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to make patterns using objects of different shapes.

**KEY INQUIRY QUESTION (s)**

How do you make patterns using objects?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Paper cut- outs of triangles and rectangles.

Mathematics pupil's book 1 pg.69.

Mathematics teachers guide grade 1 pg. 81.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to make patterns using objects of different sizes.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to make patterns using paper-cut-outs of different shapes. Draw circle/triangle/circle/triangle…….

***Step 2:*** Guide Learner in pairs or groups to make patterns using paper cut-outs of different shapes.

***Step 3:*** Learners to do activities in pupil's book page 69.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to display and discuss their patterns.

**EXTENSION OF ACTIVITIES**

Learners to make patterns according to shape using objects in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

------------------------------------------------------------------------------------------------------------------------------------------

------------------------------------------------------------------------------------------------------------------------------------------

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:____________ Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: *NUMBERS***

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Number concept (Number names)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to recite number names in order up to 40.

**KEY INQUIRY QUESTION (s)**

How do you recite number names in order?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Video.

Audios.

Mathematics pupil's book 1 pg.70.

Mathematics teachers guide grade 1 pg. 82.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to recite number names in order up to 20.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to recite number names in order up to 40.

***Step 2:*** Guide Learner in pairs or groups to recite number names in order up to 40.

***Step 3:*** Learners to do activities in pupil's book page 70.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to watch videos or listen to audios on reciting numbers.

**EXTENSION OF ACTIVITIES**

Learners to sing songs involving number names according to their order in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

------------------------------------------------------------------------------------------------------------------------------------------

------------------------------------------------------------------------------------------------------------------------------------------

## LESSON PLAN MATHEMATICS ACTIVITIES

**Week:____________ Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Number concept (Number using objects)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to represent numbers up to 20 using objects.

**KEY INQUIRY QUESTION (s)**

How do you represent numbers using objects?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Books.

Pencils.

Bottles, spoons, number cards, stones.

Mathematics pupil's book 1 pg.71-72.

Mathematics teachers guide grade 1 pg. 83.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to represent numbers up to 10 using objects.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to represent numbers up to 20 using objects.

***Step 2:*** Guide Learner in pairs or groups to represent numbers up to 20 using objects as they fill in the table.

***Step 3:*** Learners to do activities in pupil's book page 71.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to represent numbers up to 20 using objects.

**EXTENSION OF ACTIVITIES**

Learners to represent numbers up to 20 using objects in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

..........................................................................................................................................................................................

..........................................................................................................................................................................................

**LESSON PLAN MATHEMATICS ACTIVITIES**

**Week:____________ Lesson: ___________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: *NUMBERS***

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Number concept (Counting)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to demonstrate though counting that a group in all situations has only one count.

**KEY INQUIRY QUESTION (s)**

How do you demonstrate that a group in all situations has only one count?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Books.

Pencils.

Paper cut-outs.

Mathematics pupil's book 1 pg.73.

Mathematics teachers guide grade 1 pg. 84.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to answer about questions on their experiences with number conservation.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Demonstrate to learners that by having 4 potatoes in a basket and then spreading them out on the table. Explain to the learners by counting that a group in all situations has only one count.

***Step 2:*** Guide Learner in pairs or groups to count books arranged close together and when they spread out to ascertain that in all situations, a group has one count

***Step 3:*** Learners to do activities in pupil's book page 73.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to count themselves while standing together and while spreading out to show that a group in all situations has one count.

**EXTENSION OF ACTIVITIES**

Learners to practice through counting that a group in all situations has only one count in daily life situations.

**REFLECTION ON THE LESSON/SELF-REMARKS**

--------------------------------------------------------------------------------------------------------------------------------------------

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:____________ Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: *NUMBERS***

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Whole numbers**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to count in 5's up to 25 forward and backward.

**KEY INQUIRY QUESTION (s)**

How do you count numbers forward and backward?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Counters.

Mathematics pupil's book 1 pg.74.

Mathematics teachers guide grade 1 pg. 86.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to count in 1's up to 20 forward and backward.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to count in 5's up to 25 forward and backward.

***Step 2:*** Guide Learner in pairs or groups to count in 5's up to 25 forward and backward starting from any point.

***Step 3:*** Learners to do activities in pupil's book page 74.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to sing a song in relation to counting in 5's.

**EXTENSION OF ACTIVITIES**

Learners to practice counting in 5's up to 25 forward and backward in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

-----------------------------------------------------------------------------------------------------------------------------------

-----------------------------------------------------------------------------------------------------------------------------------

# LESSON PLAN MATHEMATICS ACTIVITIES

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Whole numbers**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to count in 5's up to 50 forward and backward.

**KEY INQUIRY QUESTION (s)**

How do you count numbers forward and backward?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Counters.

Mathematics pupil's book 1 pg.75.

Mathematics teachers guide grade 1 pg. 87.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to count in 5's up to 25 forward and backward.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to count in 5's up to 50 forward and backward.

***Step 2:*** Guide Learner in pairs or groups to count in 5's up to 50 forward and backward starting from any point.

***Step 3:*** Learners to do activities in pupil's book page 75.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to sing a song in relation to counting in 5's.

**EXTENSION OF ACTIVITIES**

Learners to practice counting in 5's up to 50 forward and backward in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Whole numbers (tens and ones)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to identify place value of digits in numbers up to tens.

**KEY INQUIRY QUESTION (s)**

How do you identify place value of digits in numbers up to tens?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Number tins.

Sticks.

Straws.

Mathematics pupil's book 1 pg.78

Mathematics teachers guide grade 1 pg. 89

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups

**INTRODUCTION**

Learners to represent place value of digits in numbers up to tens using bundles of sticks.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to represent 27 using number tins.

***Step 2:*** Guide Learner in pairs or groups to represent place value of digits in numbers up to tens using number tins.

***Step 3:*** Learners to do activities in pupil's book page 78.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to identify place value of digits in numbers up to tens using number tins.

**EXTENSION OF ACTIVITIES**

Learners to practice representing place value of digits in numbers up to tens using number tins in school and home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

----------------------------------------------------------------------------------------------------------------------------------------------

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:____________** **Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Whole numbers (reading and writing numbers)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to read and write number symbols up to 40.

**KEY INQUIRY QUESTION (s)**

How do you read and write number symbols?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Number chart.

Number cards.

Video clips

Mathematics pupil's book 1 pg.79.

Mathematics teachers guide grade 1 pg. 90.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups

**INTRODUCTION**

Learners to read and write number symbols up to 20.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to read and write number symbols 1 up to 40 using number charts and number cards. Pick, flash, read and write. One at a time.

***Step 2:*** Guide Learner in pairs or groups to read and write number symbols 1 up to 40 using number cards for example jumble numbers in a box, then learners play a fishing game of reading and writing.

***Step 3:*** Learners to do activities in pupil's book page 79.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to read and write number symbols 1 up to 40.

**EXTENSION OF ACTIVITIES**

Learners to practice reading and writing number symbols in school and at home

**REFLECTION ON THE LESSON/SELF-REMARKS**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Whole numbers (numbers in words)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to write numbers up to 5 in words.

**KEY INQUIRY QUESTION (s)**

How do you write numbers in words?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Number cards with numerals and words.

Video clips.

Mathematics pupil's book 1 pg.80

Mathematics teachers guide grade 1 pg. 91

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to read and write number symbols up to 5.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to read and write number symbols 1 up to 5 in words. Pick, flash, read and write numbers in words, one number at a time.

***Step 2:*** Guide Learner in pairs or groups to read and write numbers up to 5 in words using number cards.

***Step 3:*** Learners to do activities in pupil's book page 80.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to read and write numbers up to 5 in words.

**EXTENSION OF ACTIVITIES**

Learners to practice reading and writing number up to 5 in words in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

--------------------------------------------------------------------------------------------------------

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:_____________ Lesson: ___________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Whole numbers (Number patterns)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to work out missing numbers in patterns up to 10.

**KEY INQUIRY QUESTION (s)**

How do you work out missing numbers in a number pattern?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Number cards with numerals and words.

Video clips.

Mathematics pupil's book 1 pg.81.

Mathematics teachers guide grade 1 pg. 92.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to work out missing numbers in patterns up to 5.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Write 1, 2, 3, 4, 5, 6, ____, 8, 9, 10 and 1, 2, 3, 4, 5, 6, 7, 8, ____, 10. Show learners how to identify the rule of the patterns and work out missing numbers in the patterns.

***Step 2:*** Guide Learner in pairs or groups to work out missing numbers in patterns up to 10.

***Step 3:*** Learners to do activities in pupil's book page 81.

**SUMMARY**

Review the lesson

**CONCLUSION (Assessment of Learning)**

Arrange 10 learners in front of the class. Each learner to hold a number 1, 2, 3, 4, 5, 6, 7, 8, 9, 10. As the rest display their numbers, the one holding number 6 hides. The rest of the class to identify the rule of the pattern and say the missing number.

**EXTENSION OF ACTIVITIES**

Learners to play digital games involving number patterns both in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

------------------------------------------------------------------------------------------------------------------------------------------------

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:_____________ Lesson: ___________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Whole numbers (Number patterns)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to create and extend number patterns up to 20.

**KEY INQUIRY QUESTION (s)**

How do you create and extend number patterns?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Number cards with numerals and words.

Video clips.

Mathematics pupil's book 1 pg.82.

Mathematics teachers guide grade 1 pg. 93.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to work out missing numbers in patterns up to 10.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Identify a rule for the pattern. The rule is counting in 2's. Choose a starting point 7. Create a pattern. Write 7, 9, 11, 13, 15, 17

Extend the pattern. The extended pattern is 7, 9, 11, 13, 15, 17, 19.

***Step 2:*** Guide Learner in pairs or groups to create and extend number patterns up to 20.

***Step 3:*** Learners to do activities in pupil's book page 82.

**SUMMARY**

Review the lesson

**CONCLUSION (Assessment of Learning)**

Learners to create and extend number patterns up to 20.

**EXTENSION OF ACTIVITIES**

Learners to play digital games involving number patterns both in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:_____________** **Lesson: ___________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Addition**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to add 3-single digit numbers up to a sum of 10 horizontally.

**KEY INQUIRY QUESTION (s)**

How do you add 3-single digit numbers?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Counters.

Mathematics pupil's book 1 pg.83.

Mathematics teachers guide grade 1 pg. 95-96.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to count and write numbers up to 10.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Write 2 + 3 + 1 = $\boxed{\phantom{00}}$ Show learners how to work out 2 + 3 + 1. Work out the total of the first two numbers as 2 + 3 = 5. Add the third number as 5 + 1 = 6

Therefore

2 + 3 + 1 $\boxed{6}$

***Step 2:*** Write 3 + 2 $\boxed{\phantom{00}}$ Guide Learner in pairs or groups to add 3-single digits up to a sum of 10 horizontally.

***Step 3:*** Learners to do activities in pupil's book page 83.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to add 3-single digit numbers up to a sum of 10 horizontally.

**EXTENSION OF ACTIVITIES**

Learners to practice adding 3-single digit numbers with family members.

**REFLECTION ON THE LESSON/SELF-REMARKS**

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:____________** **Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Addition**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to add multiples of 10 up to 50 horizontally.

**KEY INQUIRY QUESTION (s)**

How do you add multiples of ten?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Bundles of sticks or straws.

Tens frame.

Mathematics pupil's book 1 pg.89.

Mathematics teachers guide grade 1 pg. 105-106.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to identify multiples of ten by counting in tens.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Write $\boxed{\phantom{00}}$ 10 + 10 =

Show learners how to work out 10 + 10 by first adding the ones (0 + 0 = 0)

Then add the tens (1 + 1 = 2), write the answer (20). Emphasize that when you add 0 to 0 you get 0

Therefore 10 + $\boxed{20}$

***Step 2:*** Write 30 + 10 = $\boxed{\phantom{00}}$ Guide Learners in pairs of groups to work out 30 + 10 by first adding the ones

(0 + 0 = 0), then add the tens (3+ 1 =4) write the answer as 40. Guide learners to write the digits in their correct place. Therefore, 30 + 10 = $\boxed{40}$

***Step 3:*** Learners to do activities in pupil's book page 89.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to add a 2-digit to a 1-digit number up to a sum of 50 horizontally.

**EXTENSION OF ACTIVITIES**

Learners to play digital games on addition with family members.

**REFLECTION ON THE LESSON/SELF-REMARKS**

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Addition**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to work out missing numbers in patterns involving addition up to 50.

**KEY INQUIRY QUESTION (s)**

How do you work out missing numbers in number patterns?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Number cards.

Counters.

Number line.

Mathematics pupil's book 1 pg.90.

Mathematics teachers guide grade 1 pg. 107.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to identify multiples of ten by counting in tens.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Write the pattern 4, 6, 8, _____, 12

Show learners how to work out the missing number in the pattern by adding in 2's.

The pattern is 4, 6, 8, **10**, 12

***Step 2:*** Write 10, 15, 20, ____ Guide learners in pairs or groups to work out the missing number in the pattern by adding in 5's up to 50

***Step 3:*** Learners to do activities in pupil's book page 90.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to work out missing numbers in patterns involving addition up to 50.

**EXTENSION OF ACTIVITIES**

Learners to play digital games involving addition patterns in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

Learners to make bundles of sticks.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Write 40 - 10 Show learners how to work out 40 – 10 = by first subtracting the ones (0 – 0 = 0), then the tens (4 – 1 = 3) and writing the digits in their correct place.

40

–10

***Step 2:*** Write 30 – 10 = . Guide learners in pairs or groups to work out 30 – 10 =

***Step 3:*** Learners to do activities in pupil's book page 96.

**SUMMARY**

Review the lesson and note summary points.

**CONCLUSION (Assessment of Learning)**

Learners to subtract multiples of 10 up to 50.

**EXTENSION OF ACTIVITIES**

Learners to practice subtraction of multiples of 10 up to 50 with family members.

**REFLECTION ON THE LESSON/SELF-REMARKS**

----------------------------------------------------------------------------------------------------------------------------------------

## LESSON PLAN MATHEMATICS ACTIVITIES

**Week:**_____________ **Lesson:** ___________

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Subtraction**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to subtract multiples of 10 up to 90.

**KEY INQUIRY QUESTION (s)**

How do you subtract tens?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Bundles of sticks.

Tens frame

Mathematics pupil's book 1 pg.97.

Mathematics teachers guide grade 1 pg. 116.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to make bundles of sticks.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Write

$$\begin{array}{r} 80 \\ -\ 20 \\ \hline \boxed{\phantom{00}} \end{array}$$

Show learners how to work out

$$\begin{array}{r} 80 \\ -\ 20 \\ \hline \boxed{\phantom{00}} \end{array}$$

By first subtracting the ones (0 – 0 = 0), then the tens (8 – 2 = 6) and writing the digits in their correct place.

***Step 2:*** Write 60 – 30 = . Guide learners in pairs or groups to work out 60 – 30 =

***Step 3:*** Learners to do activities in pupil's book page 97.

**SUMMARY**

*Review the lesson.*

**CONCLUSION (Assessment of Learning)**

Learners to subtract multiples of 10 up to 90.

**EXTENSION OF ACTIVITIES**

Learners to practice subtraction of multiples of 10 up to 90 with family members.

**REFLECTION ON THE LESSON/SELF-REMARKS**

------------------------------------------------------------------------------------------------------------------------------------------

## LESSON PLAN MATHEMATICS ACTIVITIES

**Week:______________ Lesson: ____________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: NUMBERS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: Subtraction**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to work out missing numbers in patterns involving subtraction up to 50.

**KEY INQUIRY QUESTION (s)**

How do you work out missing numbers in patterns?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Counters.

Number cards.

Mathematics pupil's book 1 pg.98

Mathematics teachers guide grade 1 pg. 117.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to count backwards in 2's from 50.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Write 19, 17, 15, 13, ______ Show learners how to count backwards in 2's from 19 to get the missing number in the patterns.

***Step 2:*** Write 45, 40, 35, 30, _______ Guide learners in pairs or groups to count backwards in 5's from 45 to get the missing number.

***Step 3:*** Learners to do activities in pupil's book page 98.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to work out missing numbers involving subtraction up to 50.

**EXTENSION OF ACTIVITIES**

Learners to play digital games on number patterns involving subtraction.

**REFLECTION ON THE LESSON/SELF-REMARKS**

______________________________________________________________________________

______________________________________________________________________________

LESSON PLAN MATHEMATICS ACTIVITIES

**Week:____________ Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: MEASUREMENT**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: LENGTH**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to compare length of objects directly.

**KEY INQUIRY QUESTION (s)**

How do you compare lengths of two objects?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Biro pens.

Pencils.

Textbooks, exercise books, sticks, rulers.

Mathematics pupil's book 1 pg.99

Mathematics teachers guide grade 1 pg. 119

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups

**INTRODUCTION**

Learners to measure length using handspans.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to compare the length of two objects. Describe the findings using same as.

***Step 2:*** Guide learners in pairs or groups to compare objects directly to identify whether their lengths are the same.

***Step 3:*** Learners to do activities in pupil's book page 99.

**SUMMARY**

Review the lesson

**CONCLUSION (Assessment of Learning)**

Learners to compare length of different objects and describe them using same as.

**EXTENSION OF ACTIVITIES**

Learners to practice comparing length of different objects and describe them using "same as" at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:_____________ Lesson: ___________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: MEASUREMENT**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: LENGTH**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to conserve length through manipulation.

**KEY INQUIRY QUESTION (s)**

What happens to the length of an object when it lies at an angle?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Biro pens.

Pencils.

Textbooks.

Mathematics pupil's book 1 pg.100.

Mathematics teachers guide grade 1 pg. 120.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to compare different objects and tell if they are of the same length.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to compare the length of different objects when they are at an angle. Compare the length of two objects directly to establish they are the same. Explain that the length of objects remain the same even when they lie at different angles.

***Step 2:*** Guide learners in pairs or groups to compare the length of an object at different angles. Learners to share their findings with the other groups.

***Step 3:*** Learners to do activities in pupil's book page 100.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to compare same objects at different orientation.

**EXTENSION OF ACTIVITIES**

Learners to conservation of length with family members.

**REFLECTION ON THE LESSON/SELF-REMARKS**

---

**LESSON PLAN MATHEMATICS ACTIVITIES**

**Week:____________ Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: MEASUREMENT**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: MASS**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to compare mass of objects directly.

**KEY INQUIRY QUESTION (s)**

How can you compare the mass of two different objects?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Chairs.

Balls.

Bottle tops, pencils, exercise books.

Mathematics pupil's book 1 pg.102.

Mathematics teachers guide grade 1 pg. 123.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to mention objects in the classroom.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to compare mass of different objects by direct handling. Describe the findings using "same as". Write on the board the objects whose mass is the same.

***Step 2:*** Guide learners in pairs or groups to compare mass of different objects by direct handling to establish whether they have the same mass. Learners to share their findings with the other group.

***Step 3:*** Learners to do activities in pupil's book page 102.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to compare mass by direct handling using “same as”.

**EXTENSION OF ACTIVITIES**

Learners to compare mass by direct handling using “same as” in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

---

**LESSON PLAN MATHEMATICS ACTIVITIES**

**Week:_____________ Lesson: ___________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: MEASUREMENT**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: MASS**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to conserve mass through manipulation.

**KEY INQUIRY QUESTION (s)**

What happens to the mass of an object when it's form changes?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Sticks.

Beam balance.

Plastic bottles.

Mathematics pupil's book 1 pg.103.

Mathematics teachers guide grade 1 pg. 124.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups

**INTRODUCTION**

Learners to compare mass of different objects.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to conserve mass of an object. Balance two balls of Plascticine on a beam balance. Change the shape of one into a sausage like shape. Balance the ball against the sausage like form. Explain to the learners that the ball has the same mass before and after changing.

***Step 2:*** Guide learners in pairs or groups to balance two Plascticine balls on a beam balance. Flatten one of the balls and balance it with the other ball. Learners to share the results with the rest of the class.

***Step 3:*** Learners to do activities in pupil's book page 103.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to ask and answer questions on conservation of mass.

**EXTENSION OF ACTIVITIES**

Learners to practice conservation of mass in different form at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

___

# LESSON PLAN MATHEMATICS ACTIVITIES

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: MEASUREMENT**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: MASS**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to measure mass using arbitrary units.

**KEY INQUIRY QUESTION (s)**

How do you find mass of an object?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Duster, pebbles.

Beam balance.

Bottle tops.

Mathematics pupil's book 1 pg.104.

Mathematics teachers guide grade 1 pg. 125.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to compare mass of objects by direct handling.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Using beam balance, show learners how to find the mass of a duster using pieces of chalk and pencils. Write the number of pieces of chalk and pencils used to balance the duster.

***Step 2:*** Guide learners in pairs or groups to find out how many bottle tops and how many pebbles have the same mass as the duster. Learners to share the results with the rest of the class.

***Step 3:*** Learners to do activities in pupil's book page 104.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to measure mass of given objects using arbitrary units.

**EXTENSION OF ACTIVITIES**

Learners to practice measuring mass of objects at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

| | ONE | | | |

**STRAND/THEME/TOPIC: MEASUREMENT**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: CAPACITY**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to compare capacity in containers by direct comparison.

**KEY INQUIRY QUESTION (s)**

How can you compare capacity of two containers?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Jugs.

Kettles.

Basins, bottles, drinking glasses.

Mathematics pupil's book 1 pg.106.

Mathematics teachers guide grade 1 pg. 128.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to name different types of containers at home.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Using containers of different capacities show learners how to identify which container holds more, holds less or holds same amount of water through emptying and filling activities.

***Step 2:*** Guide learners in pairs or groups to fill and empty different containers to identify which container holds more, less or same as. Learners to share the results with the rest of the class.

***Step 3:*** Learners to do activities in pupil's book page 106.

**SUMMARY**

*Review the lesson.*

**CONCLUSION (Assessment of Learning)**

Learners to compare capacities of different containers using “holds more”, “holds less” or “same as”.

**EXTENSION OF ACTIVITIES**

Learners to compare capacity of containers using “holds more”, “holds less” or “same as”

**REFLECTION ON THE LESSON/SELF-REMARKS**

Jugs, water

Kettles

Basins, bottles, drinking glasses

Mathematics pupil's book 1 pg.107

Mathematics teachers guide grade 1 pg. 129

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups

**INTRODUCTION**

Learners to share their experiences on transferring water from a small container to a larger container

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Fill a jug with water and empty into a basin. Tell the learners that the water appears to have become less. Transfer the water back to the jug. Observe that the water fills the jug. Explain to the learners that the amount of water remains the same even when poured into a bier container.

***Step 2:*** Guide learners in pairs or groups to fill a container with water and pour it into a bigger container and observe what happens. Learners to pour he water back into the first container. Learners to share the results with the rest of the class.

***Step 3:*** Learners to do activities in pupil's book page 107.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to discuss what happens when the amount of water in a container is transferred to another bigger container.

**EXTENSION OF ACTIVITIES**

Learners to discuss conservation of capacity with family members at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

**STRAND/THEME/TOPIC: MEASUREMENT**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: MONEY**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to identify and sort Kenyan currency coins and notes by value up to sh. 100.

**KEY INQUIRY QUESTION (s)**

How do you identify Kenyan currency?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Real money in notes and coins.

Mathematics pupil's book 1 pg.113.

Mathematics teachers guide grade 1 pg. 137.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to share their experiences with money.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** learner's Kenyan currency in coins and notes and say their value. Write the values on the board.

***Step 2:*** Guide learners in pairs or groups to identify the Kenyan currency in coins and notes and indicate their values.

***Step 3:*** Learners to do activities in pupil's book page 113.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to ask and answer questions on the value of Kenyan currency coins and notes.

**EXTENSION OF ACTIVITIES**

Learners to participate in buying and selling activities using money in coins and notes at home and in the community.

**REFLECTION ON THE LESSON/SELF-REMARKS**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: MONEY**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to carry out shopping activities involving money up to sh. 100.

**KEY INQUIRY QUESTION (s)**

What do you consider when shopping?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Real money in coins.

Mathematics pupil's book 1 pg.114.

Mathematics teachers guide grade 1 pg. 138.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to share their experiences on shopping activities.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Set up a classroom shop with different items that are locally available. Write the cost of the different items in the shop. Through role play, demonstrate to the learners how to use more than one coin to buy one item.

***Step 2:*** Guide learners in pairs or groups to role play buying and selling from the shop, using more than one coin to buy each item. Discuss the cost of the items that were bought.

***Step 3:*** Learners to do activities in pupil's book page 114.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to carry out shopping activities in the classroom.

**EXTENSION OF ACTIVITIES**

Learners to participate in shopping activities using money in coins at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

______________________________________________________________________________

______________________________________________________________________________

**LESSON PLAN MATHEMATICS ACTIVITIES**

**Week:____________** **Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: MEASUREMENT**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: MONEY**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to differentiate needs and wants

**KEY INQUIRY QUESTION (s)**

How do you choose between what to buy and what not to?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Picture of toys.

Bicycle.

Loaf of bread, sweets,

Biscuits.

Mathematics pupil's book 1 pg.115.

Mathematics teachers guide grade 1 pg. 139.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to share on how they would spend a given amount of money.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Explain to the learners that there are some things we cannot do without (needs) and others that we can do without (wants). Write the needs and wants on the board.

***Step 2:*** Guide learners in pairs or groups to identify needs and wants. Learners to discuss needs and wants with other groups. Write the needs and wants as identified by the learners on the chalkboard.

***Step 3:*** Learners to do activities in pupil's book page 115.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to share on their experiences of making choices between needs and wants.

**EXTENSION OF ACTIVITIES**

Learners to discuss needs and wants in school and at home with family members

**REFLECTION ON THE LESSON/SELF-REMARKS**

___

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:_____________** **Lesson: ___________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: GEOMETRY**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: LINES**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to model straight lines

**KEY INQUIRY QUESTION (s)**

How can you model straight lines?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

Plascticine, clay

A piece of rope

Pieces of sticks

Crayons, chalk and charcoal

Mathematics pupil's book 1 pg.116

Mathematics teachers guide grade 1 pg. 141

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups

**INTRODUCTION**

Learners to identify straight lines in school.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to model straight lines using clay/Plascticine/baking dough.

***Step 2:*** Guide learners in pairs or groups to model straight lines using Plascticine/clay/baking dough. Learners to display their models.

***Step 3:*** Learners to do activities in pupil's book page 116.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to discuss how to model straight lines.

**EXTENSION OF ACTIVITIES**

Learners to practice how to model straight lines, in school, at home and in the community.

**REFLECTION ON THE LESSON/SELF-REMARKS**

## LESSON PLAN MATHEMATICS ACTIVITIES

**Week:_____________** **Lesson: ___________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: GEOMETRY**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: LINES**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to draw straight lines

**KEY INQUIRY QUESTION (s)**

How can you drawl straight lines?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

A piece of rope.

Pieces of sticks.

Crayons, chalk and charcoal.

Mathematics pupil's book 1 pg.117.

Mathematics teachers guide grade 1 pg. 142.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to model straight lines.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Explain to the learner how to draw straight lines using a piece of rope/pieces of stick/crayons/chalk/charcoal.

***Step 2:*** Guide learners in pairs or groups to draw straight lines using a piece of rope and pegs/pieces of stick/crayons/chalk/charcoal.

***Step 3:*** Learners to do activities in pupil's book page 117.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to discuss how to draw straight lines.

**EXTENSION OF ACTIVITIES**

Learners to practice how to draw straight lines, in school, at home and in the community during playtime.

**REFLECTION ON THE LESSON/SELF-REMARKS**

| | ONE | | | |

**STRAND/THEME/TOPIC: GEOMETRY**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: LINES**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to model curved lines

**KEY INQUIRY QUESTION (s)**

How can you model curved lines?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

A piece of rope.

Pieces of sticks.

Crayons, chalk and charcoal.

Mathematics pupil's book 1 pg.118.

Mathematics teachers guide grade 1 pg. 143.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to identify curved lines in the classroom.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to model curved lines using clay/Plascticine/baking dough/a piece of hose pipe/crayons.

***Step 2:*** Guide learners in pairs or groups to model curved lines using clay/Plascticine/baking dough/a piece of hose pipe/crayons.

***Step 3:*** Learners to do activities in pupil's book page 118.

**SUMMARY**

Review the lesson.

**CONCLUSION (Assessment of Learning)**

Learners to discuss how to model curved lines.

**EXTENSION OF ACTIVITIES**

Learners to practice how to model curved lines, in school, at home and in the community.

**REFLECTION ON THE LESSON/SELF-REMARKS**

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:_____________ Lesson: ___________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: *GEOMETRY***

**SUBSTRAND/SUB-THEME/SUB-TOPIC: LINES**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to draw curved lines

**KEY INQUIRY QUESTION (s)**

How can you draw curved lines?

| Core competencies | Values | PCIs |
|---|---|---|
| • Learning to learn<br>• Communication and collaboration<br>• Imagination and creativity<br>• Problem solving | • Unity<br>• Respect<br>• Patriotism<br>• responsibility | Self-awareness<br>Self-esteem |

**LEARNING RESOURCES**

A piece of rope.

A piece of hose pipe.

Pieces of sticks.

Crayons, chalk and charcoal.

Mathematics pupil's book 1 pg.119.

Mathematics teachers guide grade 1 pg. 144.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to model curved lines.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners how to draw curved lines using a piece of rope/pieces of stick/crayons/chalk/charcoal.

***Step 2:*** Guide learners in pairs or groups to draw curved lines a piece of rope/pieces of stick/crayons/chalk/charcoal.

***Step 3:*** Learners to do activities in pupil's book page 119.

**SUMMARY**

Review the lesson and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to draw curved lines.

**EXTENSION OF ACTIVITIES**

Learners to practice drawing curved lines, in school, at home and in the community during playing time.

**REFLECTION ON THE LESSON/SELF-REMARK**

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:____________ Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: GEOMETRY**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: SHAPES**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to identify circles within the environment.

**KEY INQUIRY QUESTION (s)**

How do circles look like?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Circular cut-outs.

Circular objects within the environment.

Mathematics pupil's book 1 pg.120.

Mathematics teachers guide grade 1 pg. 146.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to name triangular and rectangular objects found in the classroom

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Draw  Show learners items with the circular shape within the classroom and environment. Tell learners that a shape that looks like the

one drawn is called a circle.

***Step 2:*** Guide learners in pairs or groups to identify objects with circular shapes within the classroom and outside. Guide learners in drawing circles.

***Step 3:*** Learners to do activities in pupil's book page 120.

**SUMMARY**

Review the lesson on circles and make summary.

**CONCLUSION (Assessment of Learning)**

Learners to draw circles.

**EXTENSION OF ACTIVITIES**

Learners to model circular shapes in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**

# LESSON PLAN MATHEMATICS ACTIVITIES

**Week:____________ Lesson: __________**

| SCHOOL | GRADE | DATE | TIME | ROLL |
|---|---|---|---|---|
| | ONE | | | |

**STRAND/THEME/TOPIC: GEOMETRY**

**SUBSTRAND/SUB-THEME/SUB-TOPIC: SHAPES (making patterns)**

**Specific lesson learning outcome.**

By the end of the lesson, the learner should be to make patterns using two shapes from rectangles, triangles and circles.

**KEY INQUIRY QUESTION (s)**

How do you make a pattern using two shapes?

| Core competencies | Values | PCIs |
|---|---|---|
| • **Learning to learn**<br>• **Communication and collaboration**<br>• **Imagination and creativity**<br>• **Problem solving** | • **Unity**<br>• **Respect**<br>• **Patriotism**<br>• **responsibility** | **Self-awareness**<br>**Self-esteem** |

**LEARNING RESOURCES**

Circular cut-outs.

Rectangular cut-outs.

Triangular cut-outs.

Mathematics pupil's book 1 pg.121.

Mathematics teachers guide grade 1 pg. 147.

**ORGANIZATION OF LEARNING**

Learners to work in pairs or groups.

**INTRODUCTION**

Learners to draw rectangles, triangles and circles.

**LESSON DEVELOPMENT (Assessment as learning)**

***Step 1:*** Show learners to make patterns using a rectangle and a circle

Draw 
***Step 2:*** Guide learners in pairs or groups to make patterns using the two shapes. Learners to discuss their patterns with other gropus.

***Step 3:*** Learners to do activities in pupil's book page 121.

**SUMMARY**

Review the lesson on patterns and make summary points.

**CONCLUSION (Assessment of Learning)**

Learners to make patterns using any two shapes.

**EXTENSION OF ACTIVITIES**

Learners to practice making patterns in school and at home.

**REFLECTION ON THE LESSON/SELF-REMARKS**
