

3.15 AGRICULTURE (443)

AGRICULTURE PAPER

SECTION A (10 marks)

Answer ALL the questions in this section in the spaces provided.

1. State four reasons for intercropping. (4 marks)
2. Give four advantages of intensive farming. (4 marks)
3. Give four reasons why and should be prepared early in readiness for planting. (4 marks)
4. State four reasons for deep ploughing during land preparation. (4 marks)
5. State two conditions that must exist for a market to be purely competitive. (2 marks)
6. Distinguish between grading and standardization in agricultural marketing. (2 marks)
7. State four benefits of agroforestry to a maize crop. (4 marks)
8. Distinguish between intensive hedgerow and border planting forms of agroforestry. (2 marks)
9. What is meant by each of the following terms? (4 marks)
- a) mixed cropping
b) monocropping
c) intercropping
10. State four advantages of timely planting. (4 marks)
11. State four advantages of row planting in crop production. (4 marks)
12. State four reasons why a nursery is important in crop production. (4 marks)
13. Distinguish between monopoly and monopsony. (2 marks)
14. Name the plant part used for vegetative propagation of each of the following plants. (4 marks)
- a) cassava
b) sisal
c) pyrethrum
d) sweet potatoes
15. State four characteristics of a good vegetable seedling. (4 marks)

SECTION III Marks

Answer all the questions in this section in the spaces provided.

The photograph below illustrates a method of irrigation.

- Identify the method of irrigation illustrated above. (1 mark)
- State two maintenance practices that are carried out on the equipment used in the method illustrated above. (2 marks)
- Give one advantage drip irrigation has over the method of irrigation illustrated above in crop disease control. (1 mark)
- The table below shows information of a farm record.

Date	Disease Symptom	Livestock affected	Drugs used	Cost of treatment	Remarks

- Name the farm record illustrated above. (1 mark)
- Give two uses of the farm record shown above. (2 marks)

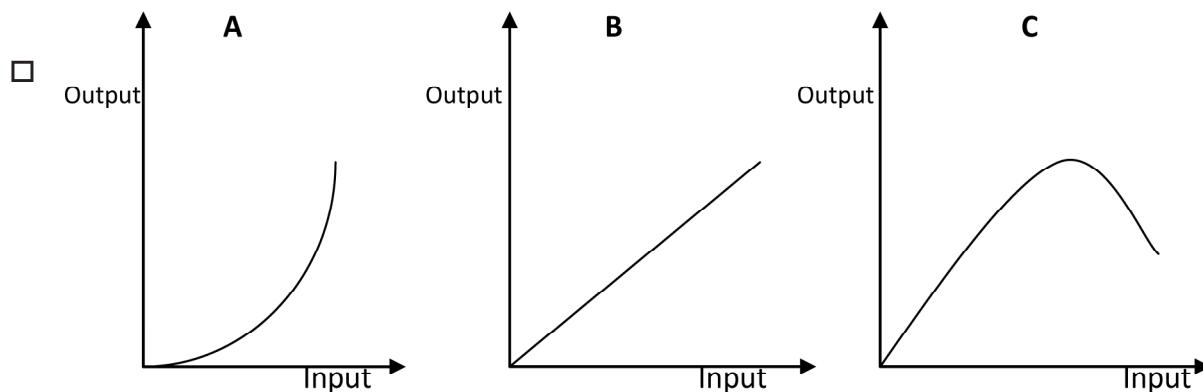

The table below represents an account in a financial book of a poultry farmer.

POULTRY							
DR				C.R			
Date	Particulars	Folio	Amount	Date	Particulars	Folio	Amount

- (a) Identify the financial book. (1 mark)
- On 1st January 2020 the poultry farmer bought 100 bags of layers mash worth Ksh 10000 and sold 50 trays of eggs for Ksh 5000 in January 2020. Enter these transactions in the account above. (3 marks)

Q1 The following illustrations show different production function curves in agricultural economics. Study them and answer the questions that follow.

Q2 Identify the production function curves labelled A and B. (2 marks)

A

B

Q3 What does the law derived from the production function labelled C state? (1 mark)

Q4 Which one of the three production function curves is rare in Agriculture? (1 mark)

Q5 Give a reason for your answer in Q4 above. (1 mark)

Q6 The following is a list of plant nutrients: Copper, Calcium, Nitrogen, Molybdenum, Zinc, Phosphorus, Carbon, Sulphur, Iron and Magnesium.

Which of the above plant nutrients are

a macro nutrients. ☐ ☐ ☐ ☐ ☐ ☐ ☐ (1 mark)

b micro nutrients. ☐ ☐ ☐ ☐ ☐ ☐ ☐ (1 mark)

c fertilizer elements. ☐ ☐ ☐ ☐ ☐ ☐ ☐ (1 mark)

d liming elements. ☐ ☐ ☐ ☐ ☐ ☐ ☐ (1 mark)

SECTION C (4 marks)

Answer any two questions from this section in the spaces provided after question.

Q7 Explain eight cultural methods of soil and water conservation. (4 marks)

Q8 Explain four ways in which

(i) HIV/AIDS limits agricultural production (4 marks)

- | | | |
|--|--|--|
| | | Explain three government policies that improve agricultural production. (3 marks) |
| | | (iii) low level of education and technology influences agriculture. (4 marks) |
| | | Explain seven physical methods of pest control. (7 marks) |
| | | Explain eight factors that contribute to the competitive ability of weeds. (8 marks) |
| | | (c) Describe the harvesting of coffee. (5 marks) |
| | | (a) Describe the preparation and handling of stem cuttings when planting napier grass. (3 marks) |
| | | (b) Describe the production of onions under the following sub-headings: |
| | | seedbed preparation (6 marks) |
| | | (ii) field management (4 marks) |
| | | harvesting (4 marks) |
| | | Give five reasons why land consolidation should be encouraged in Kenya. (5 marks) |
