

Week: _____

Lesson: _____

SCHOOL	GRADE	DATE	TIME	ROLL
	THREE			

STRAND/THEME/TOPIC: BASIC MOTOR SKILLS

SUBSTRAND/SUB-THEME/SUB-TOPIC: Locomotor skill (Skipping) – individual skipping

Specific lesson learning outcome.

- By the end of the lesson, the learner should be able to:-
- Name the parts of the body that are in use when skipping.
- Perform skipping in different ways for strength, coordination, endurance and balance.
- Practice skipping in different ways for strength, coordination, endurance, balance and for excellence.

KEY INQUIRY QUESTION (s)

- ❖ Which part of your body are in use when you are skipping?
- ❖ In how many ways can you skip?
- ❖ What else can you do with your hands while skipping?
- ❖ Which shapes can you make while you are skipping?

Core competencies	Values	PCIs
• Communication and collaboration • Imagination and creativity • Digital literacy • Citizenship • Learning to learn • Self-efficacy	• Respect • Peace • Love • Unity • integrity	Citizenship Learner support Programme Health education Life skills Disaster risk education

LEARNING RESOURCES

Sports uniform.

Sufficient space.

Markers.

Foundation Movement activities Teachers guide pg. 1-18.

ORGANIZATION OF LEARNING

Learners to work individually.

INTRODUCTION

Learners to undergo warm-up exercise.

LESSON DEVELOPMENT (Assessment as learning)

Step 1: Demonstrate to learners skipping by beginning slowly and then finish fast.

Step 2: Every learners to have his/her own space to start skipping.

Step 3: Learners to maintain a good body poise.

Step 4: Learners to turn with a straight arm, and good head position and shoulders should be maintained

Step 5: Learners to skip in different ways, skip fast, slow, fast, and slow.

SUMMARY

Learners to make efforts for further practice.

CONCLUSION (Assessment of Learning)

Learners to practice further.

EXTENSION OF ACTIVITIES

Learners to practice individual skipping at home.

REFLECTION ON THE LESSON/SELF-REMARKS

INTRODUCTION

Learners to undergo warm-up exercise.

LESSON DEVELOPMENT (Assessment as learning)

Step 1: Demonstrate to learners skipping by beginning slowly and then finish fast.

Step 2: learners in groups to have their own space to start skipping.

Step 3: Learners to maintain a good body poise.

Step 4: Learners to skip on the spot, forward towards the teacher, backwards away from the teacher then skip sideways.

Step 5: Skip as though you are happy, tired, in a hurry.

SUMMARY

Learners to make efforts for further practice.

CONCLUSION (Assessment of Learning)

Learners to practice further.

EXTENSION OF ACTIVITIES

Learners to practice partners/grouping with friends at home.

REFLECTION ON THE LESSON/SELF-REMARKS

Lesson: _____

SCHOOL	GRADE	DATE	TIME	ROLL
	THREE			

STRAND/THEME/TOPIC: BASIC MOTOR SKILLS

SUBSTRAND/SUB-THEME/SUB-TOPIC: Locomotor skill – Gallop in a small circle

Specific lesson learning outcome.

By the end of the lesson, the learner should be able to:-

- Perform galloping in different ways for strength, coordination, endurance and balance.
- Establish relationship through galloping for critical thinking and problem solving.
- Appreciate galloping for strength, coordination, balance and self-esteem.

KEY INQUIRY QUESTION (s)

❖ Which circle can you gallop in?

Core competencies	Values	PCIs
• Communication and collaboration • Imagination and creativity • Digital literacy • Citizenship • Learning to learn • Self-efficacy	• Respect • Peace • Love • Unity • integrity	Citizenship Learner support Programme Health education Life skills Disaster risk education

LEARNING RESOURCES

Sports uniform.

Sufficient space.

Markers.

Foundation Movement activities Teachers guide pg. 12-18.

ORGANIZATION OF LEARNING

Learners to work individually/group.

INTRODUCTION

Learners to undergo warm-up exercise.

LESSON DEVELOPMENT (Assessment as learning)

Step 1: Guide learners into discussion on what they know about galloping.

Step 2: On free space learners to start to gallop clockwise in small imaginary circle.

Step 3: Change to galloping anticlockwise and ask them to do something with hands while galloping.

Step 4: Learners to obey rules as they gallop.

SUMMARY

Learners to play digital games involving galloping.

CONCLUSION (Assessment of Learning)

Learners to practice further.

EXTENSION OF ACTIVITIES

Learners to perform during prize giving day and AGM.

REFLECTION ON THE LESSON/SELF-REMARKS

Specific lesson learning outcome.

By the end of the lesson, the learner should be able to:-

- Name the parts of the body that are used when dodging.
- Perform dodging in different ways for strength, coordination, endurance and balance.
- Perform dodging in different ways for strength, coordination, endurance and balance.
- Appreciate dodging for strength, coordination, balance and self-esteem.
- Obey rules when playing games for own safety.

KEY INQUIRY QUESTION (s)

- ❖ Mention games that you can play using dodging?
- ❖ In which different ways can you dodge?
- ❖ What do you do to avoid being hit by a kicked ball?

Core competencies	Values	PCIs
• Communication and collaboration • Imagination and creativity • Digital literacy • Citizenship • Learning to learn • Self-efficacy	• Respect • Peace • Love • Unity • integrity	Citizenship Learner support Programme Health education Life skills Disaster risk education

LEARNING RESOURCES

Skittles.

Cones.

Foundation Movement activities Teachers guide pg. 19-31

ORGANIZATION OF LEARNING

Learners to work in pair.

INTRODUCTION

Learners to undergo warm-up exercise.

LESSON DEVELOPMENT (Assessment as learning)

Step 1: Learners in groups to form a large circle and to be given numbers.

Step 2: On teacher's signal, learners to race around the circle trying to touch the player who dodges to avoid being tagged from behind .

Step 3: Anyone touched drops out immediately and the last two or three players to remain are the winners.

Step 4: Repeat the game.

SUMMARY

Learners to play digital games involving dodging.

CONCLUSION (Assessment of Learning)

Learners to practice further.

EXTENSION OF ACTIVITIES

Learners to perform dodging during various plays.

Learners to practice further.

EXTENSION OF ACTIVITIES

Learners to take part in community striking games such as cricket, tennis, baseball, squash and rounders.

REFLECTION ON THE LESSON/SELF-REMARKS

.....

Week: _____

Lesson: _____

SCHOOL	GRADE	DATE	TIME	ROLL
	THREE			

STRAND/THEME/TOPIC: BASIC MOTOR SKILLS

SUBSTRAND/SUB-THEME/SUB-TOPIC: Manipulative skills- striking (batting a ball on top of the bats)

Specific lesson learning outcome.

By the end of the lesson, the learner should be able to:-

- Perform striking in different ways for strength, coordination, endurance, balance and for excellence.
- Establish the relationship through striking.
- Appreciate striking for strength, coordination, balance and self-esteem.

KEY INQUIRY QUESTION (s)

- ❖ Which parts of the body are used for striking?
- ❖ Name a game where one hand striking skill is used?

Core competencies	Values	PCIs
• Communication and collaboration • Imagination and creativity • Digital literacy • Citizenship • Learning to learn • Self-efficacy	• Respect • Peace • Love • Unity • integrity	Learner support Programme Health education Life skills

LEARNING RESOURCES

Space.

Large balls.

Foundation Movement activities Teachers guide pg. 49-61.

ORGANIZATION OF LEARNING

Learners to work in pair.

INTRODUCTION

Learners to undergo warm-up exercise.

LESSON DEVELOPMENT (Assessment as learning)

Step 1: Learners to observe the teacher as he/she demonstrates the activity.

Step 2: Motivate learners to follow your demonstration and do their own.

Step 3: Guide learners carrying out striking or batting a ball on top of the bats.

Step 4: Learners to observe safety as they carry the activities.

SUMMARY

Learners to play digital games involving striking.

CONCLUSION (Assessment of Learning)

Learners to practice further.

EXTENSION OF ACTIVITIES

Learners to take part in community striking games such as cricket, tennis, baseball, squash and rounders.

REFLECTION ON THE LESSON/SELF-REMARKS

Week: _____

Lesson: _____

Specific lesson learning outcome.

By the end of the lesson, the learner should be able to:-

- Practice dribbling in different ways for coordination, endurance, balance and for excellence.
- Establish relationships through dribbling.
- Appreciate dribbling for strength, coordination, balance and self-esteem.

KEY INQUIRY QUESTION (s)

- ❖ How do you like dribbling?
- ❖ How comfortable are you dribbling with inside of foot.

Core competencies	Values	PCIs
• Communication and collaboration • Imagination and creativity • Digital literacy • Citizenship • Learning to learn • Self-efficacy	• Respect • Peace • Love • Unity • integrity	Learner support Programme Health education Life skills

LEARNING RESOURCES

Soccer balls.

Soccer attire.

Foundation Movement activities Teachers guide pg. 73-90.

ORGANIZATION OF LEARNING

Learners to work in pair/ groups.

INTRODUCTION

Learners to undergo warm-up exercise.

LESSON DEVELOPMENT (Assessment as learning)

Step 1: Demonstrate to learners how to perform the activity of the lesson.

Step 2: Motivate learners and let them identify body parts involved in the activity and the techniques.

Step 3: Guide learners to perform the activity in pairs or groups.

Step 4: Learners to observe safety as they carry the activities.

Step 5: Learners to appreciate dribbling for strength and coordination.

SUMMARY

Learners to play digital games involving dribbling.

CONCLUSION (Assessment of Learning)

Learners to practice further.

EXTENSION OF ACTIVITIES

Learners to take part in community games such as association football, soccer, rugby association, American football and Canadian football.
