

THE KENYA NATIONAL EXAMINATIONS COUNCIL

SCHOOL BASED ASSESSMENT

AGRICULTURE WRITTEN TEST

Grade 6 - 2022

SCORING GUIDE

FOR ASSESSORS USE ONLY

TASK	1. Conservation of our environment (Questions 1,2,3,4,7)	2. Domestic animals (Questions 5)	3. Gardening Practices (Question 6)	TOTAL
Maximum score	27	7	6	40
Learner's score				
Exceeding Expectation	22-27	7	6	
Meeting Expectation	15-21	5-6	5	
Approaching Expectation	9-14	3-4	3-4	
Below Expectation	0-7	0-2	0-2	

TURN OVER

1.

a) Name **one** material that can be used for the part labelled C.

- *Caton*
- *Basin*
- *Cut jerrican*
- *Tray*

(1 x 1 = 1 mark)

b) What should the learners do to demonstrate soil erosion using the set up?

- *Use a bottle with tiny holes to pour water upper part of the tilted set up*

(1 x 1 = 1 mark)

c) Name **two** types of soil erosion that can be demonstrated by the learners using the set up.

- *Rill*
- *Sheet*
- *Splash*

(2 x 1 = 2 marks)

d) Give **two** reasons why the grass was included in the set up.

- *To trap soil*
- *Reduce the speed of run off/water*

(2 x 1 = 2 marks)

2.

a) Identify the type of seedbed prepared by the learners.

- *Shallow pit*

(1 mark)

(b) Why did the learners use the type of seedbed shown in the picture to plant maize?

- *To trap surface runoffs*
- *Conserve water*

(2 x 1 = 2 marks)

(c) Instead of using the seedbed shown in the picture, give **two** other ways in which the learners could have planted the maize to conserve water.

- *Use of sunken beds*
- *Use of moisture beds*
- *Mulching*

(2 x 1 = 2 marks)

(d) Name **two** caring practices the learners carried out on the growing maize crop.

- *Weed control*
- *Pest control*
- *Disease control*
- *Mulching*
- *Manure application*

(2 x 1 = 2 marks)

3.

a) Why did the learners protect the trees as shown above?

- *Protect them against damage by animals* (1 mark)

b) Name **two** materials that can be used instead of the net.

- *Wire mesh*
- *Polythene*
- *Timber*
- *sticks*

(2 x 1 = 2 marks)

c) Give **one** other way in which the learners can protect the trees instead of the method shown above.

- *Surround with thorny branches*
- *Construct Sticks/timber around the tree*

(1 x 1 = 1 mark)

4.

(a) Identify the creeping crop.

- *Strawberry* (1 mark)

(b) Name the planting material the learners used to grow the creeping crop.

- *Splits*
- *Runners/vines*

(1 x 1 = 1 mark)

(c) Give **two** ways in which the learners prepared the planting materials.

- *Selection of suitable mother plants*
- *Trimming roots*

- *Cutting of excess foliage*

(2 x 1 = 2 marks)

(d) Name the caring practice labelled **J**.

- *Mulching*

(1 mark)

(e) Give **two** reasons why the caring practice was carried out.

- *Conserve water*
- *Produce clean fruits*
- *Protection from some soil borne pests*

(2 x 1 = 2 marks)

5.

(a) Identify the domestic animal labelled

(i) **G** *Chicken*

(1 mark)

(ii) **H** *Cat*

(1 mark)

(b) Give **two** reasons for rearing the domestic animal labelled **H**.

- *Pet*
- *Control rats*

(2 x 1 = 2 marks)

(c) Give **two** rearing practices carried out for the domestic animals labelled **G**.

- *Feeding*
- *Parasite and disease control*
- *Watering*
- *Cleaning house/feeders/waterers*

(2 x 1 = 2 marks)

(d) From the picture, how are the domestic animals labelled **G** protected from wild animals?

- They are enclosed in a fence.

(1 mark)

6.

(a) Identify the caring practice being carried out.

- *Weeding* (1 mark)

(b) Name **three** other organic gardening practices carried out on growing legume crop.

- *Applying organic manure*
- *Mulching*
- *Integrated pest management*

(2 x 1 = 2 marks)

(c) Give **two** safety measures the farmers should observe when working with the tool shown in the picture.

- *Wearing gum boots*
- *Ensure the handle is firmly fixed*
- *Use it on the correct job*

(2 x 1 = 2 marks)

7.

(a) Name the method used to control the wild animal.

- *Use of deterrents*
- *Trapping*

(1 x 1 = 1 mark)

(b) Give **one** reason why the wild animal is controlled.

- *It eats/preys on chicken* (1 mark)

(c) What should the farmer do with the trapped wild animal?

- *Release it to the wild* (1 mark)

(d) Give **one** other way in which the wild animal can be controlled.

- *Fencing*
- *Use of scarecrows*
- *Use of innovative light devices*
- *Use of innovative sound devices*

(1 x 1 = 1 mark)
