

THE KENYA NATIONAL EXAMINATIONS COUNCIL

**SCHOOL BASED ASSESSMENT
VISUAL ARTS PROJECT
Grade 7 – 2023
Teachers Scoring Guide**

This project must be completed by 4th August 2023

This document consists of 7 printed pages.

1. Instructions for the assessment.

- i) This assessment is an individual performance.
- ii) The activity is to be done in class during the term.
- iii) It is important that the teacher facilitates the various steps of the task with learners to ensure active, creative and critical participation.
- iv) Read through the scoring rubrics with the learners before they begin the assessment so that they understand what will be expected of their final artwork. [the rubric can be printed, downloaded into learners' digital devices, written out on the board or projected].
- v) Ensure the work is carried out by each learner to completion.
- vi) Encourage learners to ask questions at any time throughout the administration of the assessment.

TASK	CURRICULUM DESIGN(S)	
1.	Grade 7 p.40 Strand 4.0 Indigenous Crafts Sub strand 4.3 Ornaments Grade 7 learners are to make an armlet using materials sourced from the local environment.	The task assesses learner's competency in • making an ornament (armlet). • ability to design (sketch) and make an item • selecting reusable materials for the project • using materials in an environmentally sustainable manner • making functional and aesthetically pleasing ornamental item. • financial responsibility.

ASSESSMENT TASK: Armlet made using beadwork technique inspired by culture.

The task requires learners to make an armlet using materials sourced from locally available materials inspired by culture.

Guide the learners to;

- carry out research on different types of armlets.
- make several sketches of the armlet designs.
- choose the best design from the sketches made and colour, this will help them get a colour scheme for the armlet.
- collect and prepare a variety of locally available materials suitable for making the armlet.
- use any appropriate technique to make their armlets.
- measure their arm and add 1 in (2.5 cm) to the measurement. Their measurements can be adjusted accordingly, depending on their choice of size since the armlets are meant for 'sale'.
- finish appropriately either by painting or leave it in its natural colour.

Required materials and tools.

- A4 size plain papers for making sketches or A4 drawing books.
- Suitable adhesive if required.
- Materials suitable for making beads such as inedible seeds, biro pen tubes, natural reeds, bamboo sticks, straws, clay, papier mâché, paper roll, cut sticks, strings (reused yarns, sisal strings, manilla twine, copper/aluminium wire, nylon twine) etc.

All these materials can be improvised where applicable. Schools are encouraged to reuse materials.

2. Timelines for the project

The following is a **four-week** suggested timeframe:

FROM THE DAY PROJECT IS RECEIVED AS PER KNEC GUIDELINES	
WEEK 1	
	The teacher guides the learners. • on the task expectations as per the scoring rubric provided. • to carry out research on types of armlets and materials and tools used. • to individually, make several sketches to come up with a design of choice. • choose colour schemes for the armlet and colour the different sketches. • collect and prepare the required materials and tools
WEEK 2	
	Guide the learners to individually: • build their assessment portfolios and store all sketches made; these must include dates when they were done. • start working on the project. NOTE: Do not buy portfolios/folders; learners are encouraged to improvise with materials that are locally available.
WEEK 3 - 4	
	• Production of the task continues until learners complete their work • Collect the final pieces and score using the rubrics, • records the scores and performance levels e.g., 4, 3, 2, 1 in the assessment score sheet provided at the end of this document, before keying the scores in the KNEC portal. NOTE: Print the sheets according to the number of learners per grade. • Once the scores are uploaded, hand over the assessment score sheet together with the all the learner's artworks to the Head teacher/Senior teacher for secure storage as evidence for future reference. • Open guided discussion: Find out from the learners how much they would sell the armlets for.

NOTE:

The timelines suggested here are only a guide.

- Some of the learners may require more time to complete the task than others; you may give these learners time to finish. Other learners may experience difficulties, break the tasks down in manageable steps.
- Ensure that all learners have an opportunity to complete the tasks.
- Learners with visual impairment could do the same task.
- Ensure all the learners have their names on the back of their papers before storing them for the next session.

Schools are encouraged to carry out exhibitions to showcase the learners' artworks at the end of the assessment period. Take photographs or record videos as the learners carry out the tasks and upon completion. Keep these as evidence in an ePortfolio.

3. Scoring Rubric for making an armlet using found materials.

CRITERIA	EXCEEDING EXPECTATION 4	MEETING EXPECTATION 3	APPROACHING EXPECTATION 2	BELOW EXPECTATION 1
Planning A (i) <i>sketches of armlet designs</i>	sketches are detailed and show systematic steps in armlet design development.	sketches are detailed and show steps in design development.	Sketches are not progressive.	sketches are not clear and are jumbled up.
	06 marks	04 marks	02 marks	01 mark
A (ii) <i>selection and preparation of appropriate materials for project</i>	assembles and prepares a range of unique materials for making the armlet.	assembles and prepares materials for making the armlet.	assembles and prepares some materials for making the armlet.	Has difficulty in assembling and preparing required materials for making the armlet.
	04 marks	03 marks	02 marks	01 mark
B. Execution skill <i>-design choice</i> <i>-size</i> <i>-shape</i>	Creatively makes a well-designed armlet of an appropriate size with unique colours, texture and shape	Makes an armlet of appropriate size, shape, texture, and colour	Partially creates an armlet with different shapes and colour and/ or not well constructed with some parts missing	Poorly constructed, with required parts missing and /or needs assistance to complete
	06 marks	04 marks	02 marks	01 mark
C. Craftsmanship (finish) <i>-neat finish (no rough edges)</i> <i>-functional (can be worn)</i>	The armlet has no rough edges with a superior finish and is wearable	The armlet has no rough edges and is wearable	The armlet has some sharp edges and is wearable	The armlet has rough edges and/or is not functional
	04 marks	03 marks	02 marks	01 mark
TOTAL MARK(S)	20 marks	14 marks	08 marks	04 marks
RANGE	17- 20 marks	11 -16 marks	06 -10 marks	01 - 05 marks

**SCORE RANGE AND PERFORMANCE LEVEL**

RANGE	Performance level
17 - 20 marks	Exceeding Expectation (4)
11 - 16 marks	Meeting Expectation (3)
06 - 10 marks	Approaching Expectation (2)
00 - 05 marks	Below Expectation (1)

N/B: PL in the score sheet stands for **Performance Level**
