

WORD PROCESSING

PRACTICAL EXERCISE 1.1

(A). Create the following document as it is including the enhancements shown. (5 marks)

AUSTRALIAN ADVENTURE

Day 1, **Sydney**:

You arrive in Sydney at 7 P.M. in plenty of time to settle in.

Day 2, *City Tour*:

Lunch, featuring a variety of international dishes is included!

Day 3, **Great Barrier Reef**:

Snorkel or scuba dive through the fabulous coral gardens. An expert diver and a marine biologist from **Tres Research** are on board to answer questions about the unusual marine life.

The Spirit of an Adventurer

An adventure is a dare you take personally. It's an opportunity that also involves some risk. Few of us accept such a challenge, although many of us dreamed of adventure during childhood. What is so different about adults who live out their dreams?

Panel Moderator: Each of you has done something the average person would never try. Can you explain why you did it?

Jean: I am intensely curious. I love a physical **challenge**.

Mike: **Curiosity!** I am interested in finding out for myself how it really is like.

Susan: The sense of **achievement** afterwards is just great in itself!

Questions:

(i). Save the document as "**ADVENTURE**" followed by your full names. (1½ marks)

(ii). Apply the following formats to the heading "AUSTRALIAN ADVENTURE" (4 marks)

Capitalization	-	Uppercase
Alignment	-	Center
Appearance	-	Bold
Font	-	Arial Black
Size	-	18

(iii). Apply the following formats to the subtopic "THE SPIRIT OF AN ADVENTURER" (1 mark)

Font	-	Monotype Corsiva
Size	-	18

(iv). Apply a Drop cap as shown in line 15. The cap should be dropped 2 lines. (2 marks)

(v). Apply bold, italic and underlines as shown in the different parts of the document. (1½ marks)

(vi). Save the changes made to your document. (1 mark)

- (B). Create a document named **Growth Stocks**, and include all the enhancements in the text as shown in the document. **(7 marks)**

KGH CONSULTANTS
P.O. Box 42089
Nairobi.

Dear Mr. Mwomboko,

REF: GROWTH STOCKS AT NSE

Following your inquiry about which stocks to consider for long-term investments, we are happy to provide you with information on the performance on 9 companies over the last five years.

Highest Market Price						
Stock	Year 1	Year 2	Year 3	Year 4	Year 5	Average
BBK	63.00	52.00	132.50	205.00	211.00	132.70
CFC	25.00	30.50	58.00	127.00	600.00	168.10
DTK	35.00	49.00	152.00	152.00	82.50	94.10
EAP	4.50	10.50	16.25	60.00	49.50	28.15
HFCK	8.00	16.00	15.75	51.00	30.00	24.15
KCB	36.00	31.00	50.00	100.00	90.00	61.40
Kenol	4.25	4.25	24.50	76.00	63.00	34.40
Nation	12.00	15.00	19.75	71.00	90.50	41.65
Uchumi	15.00	25.50	29.00	64.50	66.00	40.00
Total	202.75	233.75	497.75	906.5	1282.5	624.65

Please study the information and let us know which of these stocks you would like to invest in.

We will be available for further consultation if you feel it is necessary.

Sincerely,

Shares Analyst.

Questions.

- (i). Apply the following formats to the first and last column, row 1, 2 and 12: **(3 marks)**
 Appearance - Bold
 Size - 14
- (ii). Insert the table between the first and second paragraphs. **(1 mark)**
- (iii). Merge the cells in row 1 into a single cell as shown. **(3 marks)**
- (iv). Compute the **Averages** and **Totals** in the table. **(6 marks)**
- (v). Format the table applying a 25% shading as shown. Add any other enhancements to the text that you feel are appropriate. **(3 marks)**
- (vi). Save the changes to the document. **(1 mark)**

PRACTICAL EXERCISE 1.2

1. a) Using a word processing package, type the document below exactly as it appears.
Answer the questions that follow.

RECURSION

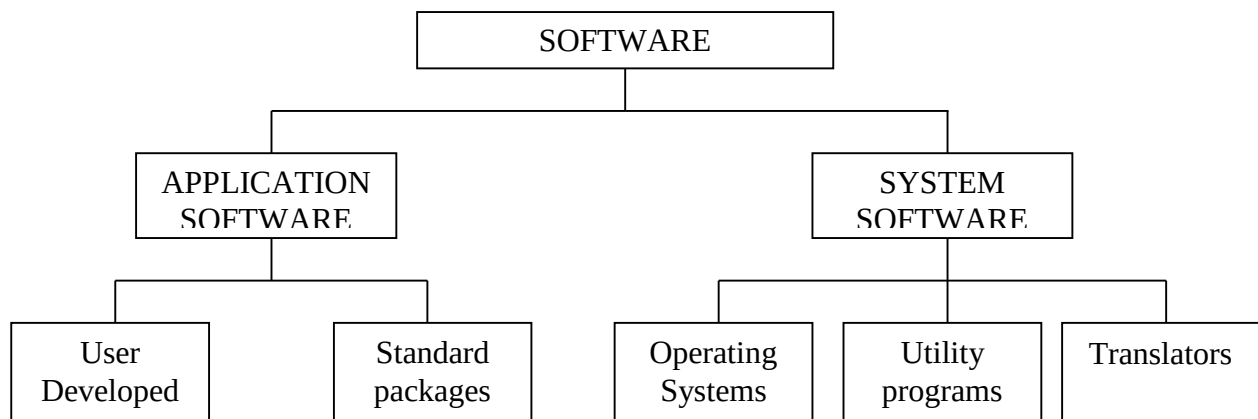

An object is said to be recursive if it partially consists (or is defined in terms) of itself. Recursion is encountered not only in mathematics, but also in daily life. Who hasn't seen an advertising picture which contains itself?

Recursion is a particularly powerful means in mathematical definitions. A few familiar examples are those of natural numbers, tree structures and of certain functions.

- (a). Natural numbers
- (i). 1 is a natural number.
 - (ii). the successor of a natural number is a natural number.
- (b). Tree structures, e.g., $\emptyset$ is a tree (called the empty tree).
- (c). The factorial function $n!$ (for non-negative integers).
- (i). $0! = 1$.
 - (ii). If $n > 0$, then $n! = n.(n - 1)!$.

The power of recursion evidently lies in the possibility of defining an infinite set of objects by a finite statement. In the same manner, an infinite number of computations can be described by a finite recursive program, even if this program contains no explicit repetitions. Recursive algorithms however are primarily appropriate when the problem to be solved or the function to be computed or the data structure to be processed is already defined in recursive terms.

STRUCTURE DIAGRAM

The above structure describes the software breakdown. The information can also be presented using a table as shown below:

Software	System software	Translators
		Utility programs
		Operating systems
	Application software	User developed
		Standard packages

(25 marks)

b) Apply the following formats to the title “RECURSION”

Capitalization	-	Uppercase	
Alignment	-	Centered	
Appearance	-	Bold	
Font type	-	Arial Black	
Size	-	18	
Underline	-	Single	(3 marks)

c) Convert the paragraph starting from “The power of recursion” to two columns, and justify them. (4 marks)

d) Apply borders on the table as shown. (2 marks)

e) Put a header and a footer. The header should read ‘Learning word’ while the footer should appear as © followed by your first name. (3 marks)

f) Save the entire document as **Recursion** and in a floppy disk. (3 marks)

PRACTICAL EXERCISE 1.3

1. Create the following table and enter the text. (2 mk)

CATHOLIC MISSION KIONGWANI

NAME	COURSE CODE	COURSE	CHARGES
1. Ann Gitao	PM 21	Adobe PageMaker	3,600
2. Janet Gathii	Word003	Microsoft Word	2,800
3. John Musau	Excel05	Microsoft Excel	2,200
4. Yank Noah	Lot123	Lotus 123	1,500
5. Kim Muchene	WP001	WordPerfect	1,000
6. Loice George	DbIII	Dbase III Plus	800
TOTAL			
AVERAGE			

Required to:

- Make the heading text size 14, Bold and Arial. Make row 1 Bold. (1½ marks)
 - Insert the outside borders as shown. (2 mk).
 - Make the last two rows and the right-most column have a shading of 25%. (1½ mk)
 - Insert Numbering to row 2 to 6 in the first column. (2 mk)
 - Center the heading text and the entire table between the right and left margins. (1 mk).
 - Using an appropriate formula, calculate the Totals and the Average. (4 mk)
 - Save the document as ‘**TABLE**’ followed by your name. (1 mk)
2. (A). Assume you are an employee in a certain company and that you have organized a Birthday party at home and you would like to invite the Director, Operations Manager, Secretary, and the Accounts Clerk of the company you work for.

Required:

Use the Mail merge facility provided in Microsoft Word to prepare their invitation letters that should include the following details: Job Title, First Name, Last Name, Company name, Address and Work phone.

Save the document as “**MERGE**” followed by your name. (8 mk).

(B). Using a Textbox, prepare a birth card for your best friend who will be celebrating his/her

birthday on 25th August, 2004. Insert a Clip art to match the occasion and use the Fill effect feature in the Format Picture dialog box to make it as attractive as possible. Print the document.

(7 mk).

PRACTICAL EXERCISE 1.4

1. Type the following passage using a Word processing package, and save it as **Polygamy**. Answer the questions that follow. (4 mk).

Nothing wrong with polygamy.

God has given man the right to practice polygamy whenever possible. Acting any differently is against nature. When you study the Holy Scripture, you will discover that, most prophets of God had more than one wife. This shows that, God allowed polygamy. Why should man teach any differently?

Every male has the right to practise polygamy where the law allows. It is not a favour from anybody, but a God-given right.

The positive aspect of polygamy is that, it reduces social problems such as Prostitution and adultery.

Questions.

1. Change the heading to capital letters; size 14, Bold and change the font to Arial. (3 mk).
2. Spell-check the whole document and correct any relevant mistakes identified. (2 mk).
3. Replace the following words with the options given.
 - (a). Nature - Creation.
 - (b). Discover - Notice.
 - (c). Favour - Approval. (3 mk).
4. Copy the sentence starting with, "Why should man teach any...." to be the last sentence of the document. (3 mk).

2. Open a new document and format the following passage into two columns. (2 mk).

Men should respect their wives.

Women, too can beat men. The increase in violence against women is going to aggravate the situation. Women will start going on the defensive as reports have shown recently.

Reasoning has been thrown out of the windows. Unemployment and under-employment, together with the decline in social support and a don't-care attitude, have made the equation hard to balance.

Love is being substituted by hate. I hope the laws of the land, together with family life education (re-education), can help stabilize families. The increase in poverty will continue to lead to violence in homes and society. Tolerance levels have gone down.

Men and women need to read the Bible again to understand what the Apostle Paul meant by, "Love is very patient and kind, never jealous or envious, never cunning or proud, never haughty or selfish or rude. Love does not demand its own way. It is not irritable or touchy. It does not hold grudges and will hardly even see when others do it wrong" 1 Corinthians 13:4-5.

Questions.

1. Change the Heading to Sentence case, size 14, Bold and italic. (2 mk).
2. Apply drop caps to every paragraph, dropped two lines; the last one being in the Margin. (2 mk).
3. The text should have 1.5 line spacing from one paragraph to another. (2 mk).
4. The last paragraph should occupy one column. (3 mk).
5. Insert the text, "Social life education" to appear at the top of your page. (2 mk).
6. Save your work with the name "COLUMNS" (2 mk).

PRACTICAL EXERCISE 1.5

- (a). Type the above document exactly the way it appears. Save it as **REFUSE**. (8 marks).

SPECIAL COMPOSITION ON CHILD LABOUR.

I REFUSE.

Listen to me not
Stare at me not
Plead with me not
I refuse!
I refuse, your grinding witless ears
I refuse, your searing senseless stares
I refuse, your piercing pitiless pleas
I refuse, thy killing indifference.

Am a beast of your burden
tossed from chore to chore
lifting loads that break my back
Breaking rocks that pierce my skin
Mum pushes me on
Dad punches me on
Panting like a wild dog,
I lick my salty skin of sweat
And swallow my sea of tears.
with my toil and sweat,
I pay the favour of being born?

- (b). Search for the phrase '**I Refuse**' and replace it with Nakataa. (2 marks).
- (c). Copy and paste the last line such that it comes before "And swallow my sea of tears". (2 marks).
- (d). Change the whole document to fit the following specifications: Size - 18, Font type - Monotype Corsiva, Font colour – Blue, and full justify the document. (6 marks).
- (e). Save the changes made to the document. (2 marks).

PRACTICAL EXERCISE 1.6

Question 1.

Type the following passage as it is and answer the questions that follow. (2 marks)

Kenya's export to Britain increase.

By Nation Correspondent,

Kenya's exports to Britain last year outweighed imports. This is the first time in history for the trade balance between the two countries to favour Kenya, said British High Commission official Julian Chandler.

The country exported goods worth £169 million to the UK, while importing goods at £165 million from that country.

Kenya's main exports, Mr. Chandler added, include Tea, Coffee and Horticultural products, while the UK's were Farm machinery, technological and electrical goods.

Meanwhile, the following commodity is inadequate in Kenya;

Sodium Carbonate - NA_2CO_3 .

Report compiled by:
Tabitha Ndung'u on 23rd March, 2007.

- (a) Change the heading to Capital letters; Bold and Size 14. (3 marks)
- (b) Spell-check the whole document and correct any relevant mistakes identified. (1 mark)
- (c) Search for the following words and replace them with the options given.
 - (i) History - account.
 - (ii) Official - representative.
 - (iii) Meanwhile - in the meantime. (3 marks)
- (d) Make rd in 23rd to be a superscript and also the 2 and 3 in NA_2CO_3 to be a subscript. (2 marks)
- (e) Change the date format to read as Friday, 23rd August, 2007. (1 mark)
- (f) Make the words "Nation Correspondent" italic. (1 mark)
- (g) Change NA_2CO_3 to lowercase, and make the 2 and 3 to be subscripts. (1 mark)
- (h) Save the document with the question number followed by your full name. (2 marks)

Question 2.

- (a) Open a new document and format the following text into two columns. (2 marks)

Child abuse alarms medic.

Violence against children is increasing at an alarming rate in Embu district, according to an official.

The District Medical Officer of Health, Dr. Nicholas Muranguri, said yesterday that more than 30% of the victims reported at the Embu Provincial General Hospital were children.

He said that most of the violence was sex related, the girl-child being the most affected.

Dr. Muranguri added that, child labour was widespread in some parts of Eastern Province, especially in the Miraa, Tea and Coffee growing areas.

- (b) Make the heading size 14, bold, italic, underlined and centered across the columns. (2 marks)
- (c) Apply a Drop cap to the first paragraph, dropped two lines. (2 marks)
- (d) Replace Muraguri with Kimetto. (2 marks)
- (e) Delete the Drop Cap on the second column. (1 mark)
- (f) The text should have 1.5 line spacing from one paragraph to another. (2 marks)
- (g) Below the columns, type the following text. The text should span from the left to the right margins of the page. (3 marks)

About 300 people have lost their jobs since saw millers began closing down at Elburgon town two weeks ago. At least six saw millers have would up, and one of the saw millers told the Nation that many more would shut down by the end of the month.

- (h) Save the work with the name "CHILD ABUSE" followed by your name. (1 mark)

Question 3.

- (a) Type the given text the way it is and attempt all the questions given below. (5 marks)

Turning old quarries into fish mines

Fish farming could turn the hundreds of abandoned quarries that litter the country into gold mines.

These natural pools could be turned into gold mines, generating a lot of cash for the local communities with the introduction of Tilapia or Catfish. They could also be fenced off with cash generated from the sale of fish making them save to people, especially children.

Researchers say such an project was highly feasible as Tilapia is highly tolerant to water pollution.

It can be reared in muddy semi-stagnant ponds and is highly resistant to diseases. There are numerous unfilled quarries in Kayole, Nairobi.

- (a) Spell check the whole document, correcting any necessary mistakes. Count the total number of words and write them at the right of the title. (2 marks)
- (b) Change the heading to uppercase, and then make it bold, italic and size 14. (2 marks)
- (c) Move the last paragraph to become the second paragraph. (2 marks)
- (d) Align the third paragraph to the right margin and copy it to become the last paragraph in the passage. (2 marks)
- (e) Search for the following words and replace them with the options given
 - (i) Resistant - proof
 - (ii) Numerous - myriad
 - (iii) Safe - secure. (3 marks)

PRACTICAL EXERCISE 1.7

Create a table that has 13 rows and 8 columns. Fill in the data below. (3 mks)

GATEWAYS SECONDARY SCHOOL

Name	City	Price per bag	Total Bales	Discount (20% of Total)	Amount paid	Amount owed	Total A
Ian	Tawa	900	8		1000		
Joy	Thika	1100	4		1400		
Ivy	Tetu	1200	6		1100		
Cyan	Meru	1300	7		2000		
Ray	Embu	800	10		5000		
Riche	Kitui	700	9		6000		
Lyne	Wote	600	11		1500		
Jay	Nyeri	1000	12		2000		
Pie	Tana	900	13		5000		
Sue	Isiolo	800	9		1700		

1. Derive formulae and calculate:
 - a) Total A
 - b) Discount for each person
 - c) Amount owed (5 marks)
2. Merge the three rows at the bottom and create one row, which has 8 columns. (2 marks)
3. Make all the names bold and italic. (2 marks)
4. Scroll down to the page below the table and insert a small table with 3 rows and 2 columns. Let the column width be 1.15" and align the whole table to the centre. (3 marks)

PRACTICAL EXERCISE 1.8

Type the text the way it is.

A top U.S intelligence official yesterday admitted that, militant Islamic group leader Osama Bin Laden's telecommunications network was more advanced than that of the United States.

Bin Laden is the top suspect in the bombing of U.S embassies in Nairobi and Dar-es-salaam in 1998, which left at least 250 people dead, and thousands injured.

In an interview with CBS television's "60 minutes 11" broadcast yesterday, U.S National Security Agency director, Mike Hayden admitted that the United States is "behind the curve" in the telecommunication realm.

"Our adversary's telecommunications are now based upon the developmental cycle of a global industry that is literally moving at the speed of light", Mr. Hayden told "60 minutes 11", according to the transcript obtained by AFP.

"Cell phones, encryption, fibre-optic telecommunications, digital communications --- those are all available to people who could do harm to the United States of America. We are behind the curve".

Mr. Hayden said that, in the Cold War era, the Soviet Union "had to rely on those things the Soviet Union built for telecommunications".

By contrast, he said, "Osama bin Laden has at his disposal the wealth of a Three-Trillion-a-year telecommunications industry he can rely on. He has better technology".

- (a) Spell-check your document and correct any mistakes found.
- (b) Convert the whole paragraph two to Uppercase.
- (c) Count the number of words in your document.
- (d) Indent all your left margins.
- (e) Make paragraphs three and four bold.
- (f) Centre the second last paragraph.
- (g) Remove boldness from paragraph four.
- (h) Replace the following words with the alternative given.

(i) Realm - domain

(ii) Bombing - blitz

(iii) Wealth - assets
