TUSOME TEACHER'S GUIDE

■ Letter name and sound

I do: Display the letter 'm' on the board/pocket chart and point to it.

The name of this letter is 'm'. It is the small letter 'm'. The sound is /m/. The sound is the same in English and in Kiswahili.

We do: Now, we shall say the letter together. What is the name of this letter? 'm' What is the sound? /m/

You do: Now try on your own. What is the name of this letter? 'm'. What is the sound /m/.

Repeat with: a, t, e.

Open **page 1**. Say the names and the sounds of the letters.

● Blending

Display the word **mat** on the board or pocket chart.

I do: Today, we will make words by joining sounds. I will say the sounds and then say the word. The sounds are /m/ /a/ /t/. I join the sounds together. The word is **mat**. Repeat with: **at**.

We do: Let us do it together. We will say the sounds and then we will say the word. The sounds are /m/ /a/ /t/. The word is **mat**.

Repeat with: **met, Tam**.

You do: Now you will do it on your own. You will say the sounds and then you will say the word. The sounds are /m/ /a/ /t/. What is the word? **mat**.

Repeat with: **met, at, am**.

Open **page 1**. Say the sounds then read the words

🗨 Vocabulary

I do: Display the word **closed** on the board/pocket chart. The word is **closed**. Read it two times slowly.

We do: How many of you have ever heard of the word **closed**? How many know the meaning? Explain the meaning of the word.

I do: I am going to make a sentence using the word **closed**. Make a sentence with the word **closed**.

You do: Tell your partner a sentence using the word **closed** Call on a few learners to share their sentences.

Repeat with: **classmates, clay**

You do: Now open **page 1**. Read the vocabulary.

🔊 Before reading

We do: Open **page 2**. The title of the story is 'Rose and her classmates'. This story is about school. What happens at school? Let 3-4 learners answer.

Put your finger on the title. Let us read the title together. What can you see in the picture? Let 3-4 learners answer.

Close your books. Turn to your partner and tell them one thing you think will happen in the story. Who can tell me what their partner said will happen in the story?

Call on 2-3 learners to answer. Write their prediction on the board.

Tusome Sample Lesson Plan

SCHOOL	GRADE	LEARNING AREA	DATE	TIME	ROLL
	2	English Language Activities			

Strand: Listening, speaking, reading and writing (School)

Sub-strand: Attentive listening, reading words, fluency, comprehension and handwriting

Specific Learning Outcomes

By the end of the lesson, the learner should be able to:

1. identify name and sound of letter; 'm' for clarity of speech.
2. blend sounds to read the words; *mat, at, met, Tam, am* for reading comprehension
3. explain vocabulary; *closed, classmates* and *clay*, and use in sentences for self-expression
4. read the text, 'Rose and her classmates' and answer questions for comprehension.

Key Inquiry Questions

1. What do you do at school?
2. What can you see in the picture?
3. What do you think will happen in the story?

Core competences: Communication and collaboration, creativity and imagination, critical thinking and problem solving.

Values: Sharing, love

PCIs: Social cohesion

Learning Resources

1. Tusome English Teacher's Guide **page 1-2**
2. Tusome English Pupil's Book **page 1-2**
3. Pocket chart, letter cards, picture (Rose and her classmates),

Organization of learning

Classroom: Pupils sitting in rows

Introduction (Assessment for Learning)

Key Inquiry question: What do you do at school?

Guide the learners to talk about school activities and to sing the alphabet song.

KICD DESIGN

Introduction:

The example lesson has been drawn from the Tusome English Grade 2 Teacher's Guide page 1 and 2. The lesson focuses on the four skills in language. These are developed in a functional way through the learning experiences. Each lesson focuses on all the strands, namely: **listening and speaking, reading, writing**.

Each lesson in the Tusome teacher's guide has in built assessments that are expected to take place throughout the lesson. The assessments are mainly formative and include teacher's observations as the learner practices in groups or pairs in response to instruction. These have also included learner's written work.

Example key enquiry questions have been provided within the Tusome teacher's guide for use to enrich the learning experiences.

For the teacher to meet the learning needs of the learner, the teacher is allowed flexibility on how to assess the learner progressively during the lesson.

The excerpts below are from the Design document by sub strand with suggested learning experiences.

Core Competences to be developed:

Communication and Collaboration through pair and group activities, Self-efficacy through practicing and using the sounds in new words in communication, Learning to learn can be achieved by applying the new vocabulary in other contexts

Learning Experiences

Attentive Listening (Page 228)

- Learners respond to instructions, listen without interrupting as modeled

Pupil text reading

I do: Open **page 2**. We are going to read to see if what you said would happen came true in the story. First, I will read as you listen. Place your finger at the start of the first line and follow as I read. *Read the story to the learners.*

We do: Let us now read the story together. Follow along with your finger as we read. *Read the story with learners.*

You do: Now, it is your turn. Read the story with your partner. *Walk around monitoring the learners read.*

Did what your partner say come true?

Ask 3-4 learners to share and give feedback

? Questions

Now we will answer questions. When I want to answer a story question, I go back to the story and look for the answer. If the answer is in the story, I read the sentence that has the answer, then answer the question. If the answer is not in the story, I think about what the answer could be.

I do: *Write the following on the board: Where was Rose?*

Let me look in the story. *Demonstrate going back to the story and reading for the answer.* I found the answer in the story. I read the sentence that has the answer: *(Rose was in the classroom.)* That is the answer.

We do: *Write the following on the board: Which shapes did the teams in the story make from clay?* Read the question on the board. Work in pairs to look for the answer in the story. If the answer is in the story, read the sentence that has the answer. If the answer is not in the story, think about what the answer could be. Is the answer in the story? *(No)* Good. The answer is not in the story. You need to think about the shapes that children make using clay. Who knows the answer to the question?

Let 2-3 learners answer. Give feedback. (Accept any reasonable answer.)

You do: *Write the following on the board: What was each team making?* Let us read the question on the board together. Let's look for the answer in the story. If the answer is in the story, we will read the sentence that has the answer. If the answer is not in the story, we will think about what the answer could be. If you find the answer in the story show thumbs up. If not, show thumbs down.

(Thumbs up)

Read the answer to your partner. *Let 2-3 learners read the answer. Give feedback. (Each team was making shapes from clay)*

Classwork

Guide learners to sit up, place their books and hold their pencils correctly.

Copy the words in your exercise book, and write a sentence using one word:

1. closed
2. classmates
3. clay

Lesson Development (Assessment for Learning)

Step 1: Letter name and sound knowledge

Guide learner to identify and say the name and the sounds of the letters; *m, a, t, e* using Direct Instruction Model (DIM).

Step 2: Blending

Guide learners to blend sounds to read words; *mat, at, met, Tam, am* using DIM.

Step 4: Vocabulary

1. Guide learners to explain the vocabulary; *closed, classmates, and clay*; using DIM.
2. Guide learners to make meaningful sentences using the vocabulary in pairs and share with the class.

Step 5: Comprehension

Key Inquiry question: What can you see in the picture? What do you think will happen in the story?

1. Before Reading

Guide learners to read and discuss the title, discuss pictures and make predictions in pairs using DIM.

2. During Reading

Guide learners to read the story '*Rose and her classmates*' using DIM.

3. After Reading

Guide learners to check their prediction and also answer comprehensions questions using DIM.

Conclusion (Assessment of Learning)

1. Guide learners to copy words and construct a sentence using one of the words (of learners' choice) and check their work. Learners ask questions for clarification. Give homework activity.

Summary

Highlight key points of the lesson: *naming letters sounds correctly, reading words correctly, identifying the meaning of vocabulary.*

Pronunciation and Vocabulary (Page 230)

- In pairs, learners use meaningful phrases and simple sentences with words that have the learnt sounds.

Letter sound knowledge (Page 254)

- Learners are engaged in looking at printed or digital letter card to help them recognise and name letters of the alphabet and their sounds

Fluency (257)

- Learners read aloud in groups, pairs and individually as modeled, and pick out decodable (phonic) and non-decodable words (sight words)

- Learners practise reading unfamiliar sentences containing decodable and non-decodable words from printed text, charts, tablets, mobile phone, laptops, computers or overhead projector.

Introduction

These sample schemes of work and lesson plans for English and Kiswahili Grades 1, 2 and 3, have been developed by the Tusome team to guide teachers to create their own. They provide detailed week by week and day by day example activities that can be used to teach learners using Tusome materials, while ensuring that the teachers follow the new curriculum designs developed by the Kenya Institute of Curriculum Development (KICD).

The schemes of work and lesson plans have been developed based on templates provided by the KICD and contain all the components of the Competence Based Curriculum designs.

Key areas highlighted in the sample schemes of work and lesson plans include the following:

Strand/Sub-strand	These are the general topics and sub topics of each learning area in the KICD Curriculum Designs. They give the specific skills and sub skills that learners should attain at the end of a lesson. The teacher should ensure that each lesson has a reference to a sub strand and strand picked from the curriculum designs. In English and Kiswahili language, the four main skills, listening, speaking, reading and writing are covered as strands. Since skills build on each other, these four strands should not be taught in isolation. Tusome ensures that all these strands are covered in each lesson.
Specific Learning Outcomes	The Competence Based Curriculum has moved from objective based learning to outcome based learning. The teacher is expected to list down what will be achieved at the end of each lesson. Learning outcomes focus on learner's achievement rather than what the teacher is expected to teach.
Key Inquiry Questions	These are the questions that will guide the teachers as they teach. These questions are meant to help with learning and are not a form of assessment. Key inquiry questions should enhance inquiry learning where learners and the teacher engage in discussions to achieve learning outcomes.
Core Competencies	A core competence refers to the ability to apply appropriate knowledge, skill and attitude to perform a function successfully. The seven core competencies to be achieved by every learner in basic education are: communication and collaboration, self-efficacy, critical thinking and problem solving, creativity and imagination, citizenship, digital literacy and learning to learn.
Values:	Values are principles or morals obligations. They make one of the key pillars of basic education. Education should promote acquisition of national values as enshrined in the Kenya Constitution. It should be geared towards developing a self-disciplined and ethical citizen with sound moral and religious values.
Pertinent and Contemporary issues (PCIs)	The Competence Based Curriculum ensures that pertinent and contemporary issues (PCIs) facing the society form part of the curriculum. PCIs are society challenges experienced as a result of dynamism in various aspects of the society ranging from social, technological, economic, and cultural changes. There are 6 main PCIs covered in the Competence Based Curriculum include citizenship, health education, life skills and values education, non-formal programs and community service and parental engagement.

Sample lesson plans

The sample lesson plans are divided into four main areas:

Introduction: During introduction, the teacher is expected to review previous lessons. They should state the objective of the lesson and link this lesson to previous lesson. Introduction should be captivating and should elicit learner's interest.

1. **Lesson Development:** During lesson development, the teacher provides content of the lesson. Lesson development involve taking the learners carefully through every step to ensure that they are able to achieve the learning outcomes anticipated at the end of the lesson.
2. **Conclusion:** During conclusion, the teacher assesses if learners have gained from the lesson. It is also the time that learners are given an opportunity to ask questions and given classwork and homework.
3. **Summary:** The summary highlights the key points in the lesson. It is a recap of the lesson.

Teachers are expected to closely study the sample schemes of work and lesson plans and then using the Tusome materials and other resources create their own schemes of work and lesson plans.

Tusome Sample Lesson Plan

Week 1 Lesson 1 (Tusome Lesson 1)

SCHOOL	GRADE	LEARNING AREA	DATE	TIME	ROLL
	2	English Language Activities			

Strand: Listening, speaking, reading and writing (School)

Sub-strand: Attentive listening, reading words, fluency, comprehension and handwriting

Specific Learning Outcomes

By the end of the lesson, the learner should be able to:

1. identify name and sound of letter; 'm' for clarity of speech.
2. blend sounds to read the words; *mat, at, met, Tam, am* for reading comprehension
3. explain vocabulary; *closed, classmates* and *clay*, and use in sentences for self- expression
4. read the text, 'Rose and her classmates' and answer questions for comprehension.

Key Inquiry Questions

1. What do you do at school?
2. What can you see in the picture?
3. What do you think will happen in the story?

Core competences: Communication and collaboration, creativity and imagination, critical thinking and problem solving.

Values: Sharing, love

PCIs: Social cohesion

Learning Resources

1. Tusome English Teacher's Guide **page 1-2**
2. Tusome English Pupil's Book **page 1-2**
3. Pocket chart, letter cards, picture (Rose and her classmates),

Organization of learning

Classroom: Pupils sitting in rows

Introduction (Assessment for Learning)

Key Inquiry question: What do you at school?

Guide the learners to talk about school activities and to sing the alphabet song.

Lesson Development (Assessment for Learning)

Step 1: Letter name and sound knowledge

Guide learner to identify and say the name and the sounds of the letters; *m, a, t, e* using Direct Instruction Model (DIM).
