

LESSON PLAN MOVEMENT ACTIVITIES

Week: _____

Lesson: _____

SCHOOL	GRADE	DATE	TIME	ROLL
	THREE			

STRAND/THEME/TOPIC: GYMNASTICS

SUBSTRAND/SUB-THEME/SUB-TOPIC: Static balance: V-balance (hands on the round)

Specific lesson learning outcome.

By the end of the lesson, the learner should be able to:-

- Name the parts of the body that are involved in performing the V-balance.
- Perform the V-balance for strength, agility, flexibility and coordination.
- Practice V-balance for strength, agility, flexibility, coordination and for excellence.
- Make relationship when performing the V-balance.

KEY INQUIRY QUESTION (s)

- ❖ Which balance do you know?
- ❖ Which animals can stand on two legs?
- ❖ Which body parts are used when performing V-balance?
- ❖ How can you support your weight on your buttocks?

Core competencies	Values	PCIs
• Communication and collaboration • Imagination and creativity • Digital literacy • Citizenship • Learning to learn • Self-efficacy	• Respect • Peace • Love • Unity • integrity	Learner support Programme Health education Life skills Citizenships

LEARNING RESOURCES

Mats.

Markers.

Foundation Movement activities Teachers guide pg. 144-150.

ORGANIZATION OF LEARNING

Learners to work in pair/ groups.

INTRODUCTION

Learners to undergo warm-up exercise.

LESSON DEVELOPMENT (Assessment as learning)

Step 1: Organize learners in specific groups.

Step 2: Demonstrate to learners how to perform V-balance (hands on the round).

Step 3: Learners in pairs to Practice V-balance (hands on the round).

Step 4: Learners to observe safety rules.

SUMMARY

Learners to play digital games involving balancing.

CONCLUSION (Assessment of Learning)

Learners to practice further.

EXTENSION OF ACTIVITIES

Learners to perform gymnastic activities during the school closing and community sports day.

REFLECTION ON THE LESSON/SELF-REMARKS

Learners to practice further.

EXTENSION OF ACTIVITIES

Learners to perform gymnastic displays during parents-teachers association meetings and academic.

REFLECTION ON THE LESSON/SELF-REMARKS

.....

LESSON PLAN MOVEMENT ACTIVITIES

Week: _____

Lesson: _____

SCHOOL	GRADE	DATE	TIME	ROLL
	THREE			

STRAND/THEME/TOPIC: GYMNASTICS

SUBSTRAND/SUB-THEME/SUB-TOPIC: Dynamic balance: Backward Roll

Specific lesson learning outcome.

By the end of the lesson, the learner should be able to:-

- Perform backward roll for strength, balance and coordination.
- Practice backward roll for strength, balance, coordination and excellence.
- Appreciate performing the backward roll for strength, balance and coordination.
- make relationship

KEY INQUIRY QUESTION (s)

- ❖ How many times can you roll?
- ❖ In which positions can you roll?
- ❖ Can you roll from different position?
- ❖ In which games do players roll?

Core competencies	Values	PCIs
• Communication and collaboration • Imagination and creativity • Digital literacy • Citizenship • Learning to learn • Self-efficacy	• Respect • Peace • Love • Unity • integrity	Learner support Programme Health education Life skills Citizenships

LEARNING RESOURCES

Filed markers, bean bags.

Benches, mats.

Foundation Movement activities Teachers guide pg. 161-165.

ORGANIZATION OF LEARNING

Learners to work in pair/ groups.

INTRODUCTION

Learners to undergo warm-up exercise.

LESSON DEVELOPMENT (Assessment as learning)

Step 1: Organize learners in specific groups.

Step 2: Demonstrate to learner's Backward Roll.

Step 3: Learners to perform Backward Roll.

Step 4: Learners to observe safety rules.

SUMMARY

Learners to play digital games involving gymnastics.

CONCLUSION (Assessment of Learning)

Learners to practice further.

EXTENSION OF ACTIVITIES

Learners to perform gymnastic displays during parents-teachers association meetings and academic.

REFLECTION ON THE LESSON/SELF-REMARKS

LESSON PLAN MOVEMENT ACTIVITIES

Week: _____

Lesson: _____

SCHOOL	GRADE	DATE	TIME	ROLL
	THREE			

STRAND/THEME/TOPIC: GYMNASTICS

SUBSTRAND/SUB-THEME/SUB-TOPIC: Dynamic balance: crab walk

Specific lesson learning outcome.

By the end of the lesson, the learner should be able to:-

- Name parts of the body that are used in performing the crab walk.
- Perform crab walk for strength and coordination.
- Practice the crab walk for strength, coordination and excellence.
- Appreciate perform crab walk for strength, coordination and excellence.
- Make relationship while performing.

KEY INQUIRY QUESTION (s)

- ❖ Do you know the animal called crab?
- ❖ How does it move?
- ❖ How does one move like a crab?
- ❖ Which parts of the body are used when performing the crab walk?
- ❖ Which direction is easier to move to during crab walk?

Core competencies	Values	PCIs
• Communication and collaboration • Imagination and creativity • Digital literacy • Citizenship • Learning to learn • Self-efficacy	• Respect • Peace • Love • Unity • integrity	Learner support Programme Health education Life skills Citizenships

LEARNING RESOURCES

Filed markers, bean bags.

Balls, digital devices, video clips.

Foundation Movement activities Teachers guide pg. 172-176.

ORGANIZATION OF LEARNING

Learners to work in pair/ groups.

INTRODUCTION

Learners to undergo warm-up exercise.

LESSON DEVELOPMENT (Assessment as learning)

Step 1: Organize learners in specific groups.

Step 2: Demonstrate to learner's crab walk.

Step 3: Leaners to perform crab walk.

Step 4: Learners to observe safety rules.

SUMMARY

Learners to play digital games involving gymnastics.

CONCLUSION (Assessment of Learning)

Learners to practice further.

EXTENSION OF ACTIVITIES

Learners to perform gymnastic displays during closing days or school cultural festivals.
