

ENVIRONMENTAL SCHEME OF WORK GRADE 3 TERM 2

NAME	
TSC NO.	
SCHOOL	

SCHOOL	GRADE	LEARNING AREA	TERM	YEAR
	3	Environmental Activities	2	

Week	Lsn	Strand Theme	Sub Strand	Specific Learning Outcomes	Key Inquiry Questions	Learning Experience	Learning Resources	Assessment Methods	Reflection
1	1	Social Environment	Harmonious Living in the Community	By the end of the sub-strand, the learner should be able to: state what is a community and describing a community State what is a community i.e. schools, markets and hospitals.	What is a community?	Learners to visit a market place, explore the sanitation	MTP Grade 3 page 41 schools, markets and hospitals	Oral questions for the pupils Observing	
	2	Social Environment	Harmonious Living in the Community	By the end of the sub-strand, the learner should be able to: describe ways of keeping the market place clean	What can make the market place dirty?	Learners to visit a market place, explore the Sanitation Learners to observe cleaning activities at a market place from a video clip or	MTP Grade 3 page 42 schools, markets and hospitals	Observing what the student researched in the community.	

						photograph			
	3	Social Environment	Harmonious Living in the Community	By the end of the sub-strand, the learner should be able to: in group of two visit a nearby market place	What can make the market place dirty	Learners to visit a market place, explore the Sanitation Learners to observe cleaning activities at a market place from a video clip or photograph	MTP Grade 3 page 43 schools, markets and hospitals	Observing what the student researched in the community.	
	4	Social Environment	Harmonious Living in the Community	By the end of the sub-strand, the learner should be able to: Reflect, think and share their experiences on the sanitation situation in the market place	What can make the market place dirty	Learners to visit a market place, explore the Sanitation Learners to observe cleaning activities at a market place from a video clip or photograph	MTP Grade 3 page 43 schools, markets and hospitals	Observing what the student researched in the community.	
	5	Social Environment	Harmonious Living in the Community	By the end of the sub-strand, the learner should be able to: Describe how to clean the market place State things used to clean the market place	How do we keep the market place clean	Learners to discuss ways of keeping the market place clean. Learners to discuss the importance of keeping the market clean	MTP Grade 3 page 43 schools, markets and hospitals	Observing how the pupils are cleaning the class, school and community.	

				Stating ways of cleaning the market place					
2	1	Social Environment	Harmonious Living in the Community	By the end of the sub-strand, the learner should be able to: State things used to clean the market place State ways of cleaning the market place	How do we keep the market place clean	Learners to discuss ways of keeping the market place clean. Learners to discuss the importance of keeping the market clean	MTP Grade 3 page 43-44 schools, markets and hospitals	Observing how the pupils are cleaning the class, school and community.	
	2	Social Environment	Sanitation in the community	By the end of the sub-strand, the learner should be able to: participate in keeping the market place clean to promote social cohesion	How do we keep the market place clean	Learners to reflect think and share their experiences on the sanitation situation in the market place. Learners to discuss ways of keeping the market place clean	MTP Grade 3 page 45 schools, markets and hospitals	Observing how the pupils are cleaning the class, school and community.	
	3	Social Environment	Sanitation in the community	By the end of the sub-strand, the learner should be able to: appreciate a clean market place for good health.	How do we keep the market place clean	Learners to discuss the importance of keeping the market clean Learners to discuss the role their parents or guardians play	MTP Grade 3 page 45 schools, markets and hospitals	Observing how the pupils are cleaning the class, school and community.	

						during a market cleaning days Learners to display posters with persuasive messages during market cleaning days.			
	4	Social Environment	Keeping safe in the community	By the end of the sub-strand, the learner should be able to: who is stranger identify appropriate ways of responding to strangers in the community	Who is a stranger?	Learners to listen actively to a relevant age appropriate case story on responding to strangers	MTP Grade 3 page 46 Video clips Pictures	Oral questions on people in the community Observing how the pupils are relating to stranger.	
	5	Social Environment	Keeping safe in the community	By the end of the sub-strand, the learner should be able to: identify appropriate ways of responding to strangers in the community	What should we do when we meet strangers?	Learners to listen actively to a relevant age appropriate case story on responding to strangers Learners to watch a video clip on how they could respond appropriately to strangers	MTP Grade 3 page 46-47 Video clips Pictures	Oral questions on people in the community Observing how the pupils are relating to stranger.	
3	1	Social Environment	Keeping safe in the community	By the end of the sub-strand, the learner should be	What should we do when we meet strangers?	In groups, learners could share and report	MTP Grade 3 page 47-48 Video clips	Oral questions on people in the community	

				able to: Respond appropriately to strangers in the community;		back their experiences about responding to strangers	Pictures	Observing how the pupils are relating to stranger.	
	2	Social Environment	Responding to strangers	By the end of the sub-strand, the learner should be able to: identify appropriate ways of responding to strangers in the community	What should we do when we meet strangers	Learners to listen actively to a relevant age appropriate case story on responding to strangers	MTP Grade 3 page 47-48 Video clips Pictures	Oral questions on people in the community Observing how the pupils are relating to stranger.	
	3	Social Environment	Responding to strangers	By the end of the sub-strand, the learner should be able to: respond appropriately to strangers in the community	What should we do when we meet strangers	Learners to watch a video clip on how they could respond appropriately to strangers In groups, learners to reflect, share and report back their experiences about responding to strangers	MTP Grade 3 page 51 Video clips Pictures	Observing what the pupil do when they meet stranger	
	4	Social Environment	Responding to strangers	By the end of the sub-strand, the learner should be able to: take personal responsibility in keeping safe to limit	What should we do when we meet strangers	Learners are guided on how to use phone when in danger Learners to simulate ways of responding	MTP Grade 3 page 51 Video clips Pictures	Observing what the pupil do when they meet stranger	

				risks.		appropriately to strangers Learners to find out from parents or guardians appropriate ways of responding to strangers			
	5	Social Environment	Responding to strangers	By the end of the sub-strand, the learner should be able to: how to use a phone when in danger	How to use a phone when in danger	Learners to demonstrate how to use a phone when in danger	MTP Grade 3 page 51 Video clips Pictures	Observing how the pupils using a phone when in danger	
4	1	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: identify safe places in the community	What are the safe places in the community?	Learners to discuss and identify safe places in the community Learners to discuss and identify dangerous places in the community	MTP Grade 3 page 51	Checking the answer given by the pupils	
	2	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: identify dangerous places in the community	What are the safe places in the community?	Learners to discuss and identify dangerous places in the community Learners to do age appropriate	MTP Grade 3 page 51 Video clips Pictures	Oral question on dangerous places in the community	

						community mapping to identify and mark the safe places and dangerous places			
	3	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: In group of two identify dangerous places in the community	What are the safe places in the community?	Learners to discuss and identify dangerous places in the community Learners to do age appropriate community mapping to identify and mark the safe places and dangerous places	MTP Grade 3 page 51-53 Video clips Pictures	Oral question on dangerous places in the community	
	4	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: identify dangerous places in the community	What are the safe places in the community?	Learners to discuss and identify dangerous places in the community Learners to do age appropriate community mapping to identify and mark the safe places and dangerous	MTP Grade 3 page 51-53 Video clips Pictures	Oral question on dangerous places in the community	

						places			
	5	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: keep personal safety in the community	How do we keep safe?	Learners to do age appropriate community mapping to identify and mark the safe places and dangerous places	MTP Grade 3 page 53 Video clips Pictures	Oral question on keep personal safety in the community giving class assessment	
5	1	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: respond appropriately to security threats in the community	What are the dangerous places in the community?	Learners to recognize indications of dangerous places and situations using the map Learners to respond appropriately to threats against safety	MTP Grade 3 page 53 Video clips Pictures	Oral question on keep personal safety in the community giving class assessment	
	2	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: respond appropriately to security threats in the community	What are the dangerous places in the community?	Learners to discuss with their parents or guardians about dangerous places in the community and report back.	MTP Grade 3 page 53-55 Video clips Pictures	Observing the list of places that are dangerous	
	3	Social Environment	Safe Travel Basic road safety signs	By the end of the sub-strand, the learner should be	How do basic road safety signs enable safe	Learners to observe stimulus materials to	MTP Grade 3 page 55 Video clips	Checking the list of road signs the pupils have	

				able to: recognize basic road safety signs	travel?	recognize basic road safety signs (pedestrian crossing, stop sign, traffic lights)	Pictures Road signs	listed	
	4	Social Environment	Basic road safety signs	By the end of the sub-strand, the learner should be able to: in group of two take a nature walk and identity the basic road safety signs	How do basic road safety signs enable safe travel?	Learners to observe stimulus materials to recognize basic road safety signs (pedestrian crossing, stop sign, traffic lights)	MTP Grade 3 page 54-56 Video clips Pictures Road signs	Observing how the pupil identifying road sign and using the signs	
	5	Social Environment	Basic road safety signs	By the end of the sub-strand, the learner should be able to: use basic road safety signs appropriately to enable safe travel	How do basic road safety signs enable safe travel?	Learners to visit a nearby road or children's park for demonstration on appropriate use of the basic road signs	MTP Grade 3 page 54-55 Video clips Pictures Road signs	Observing how the pupil identifying road sign and using the signs	
6	1	Social Environment	Basic road safety signs	By the end of the sub-strand, the learner should be able to: appreciate the use of basic road safety signs in enabling safe travel	How do basic road safety signs enable safe travel?	Learners to play an educative multimedia game on basic road signs. Learners to ask their parents or guardian to take them on a safety walk around their neighborhood and	MTP Grade 3 page 54 Video clips Pictures Road signs	Observing how the pupil identifying road sign and using the signs	

						report back.			
	2	Social Environment	Environmental and cultural events in the community	By the end of the sub-strand, the learner should be able to state how cultural events promote environmental and social wellbeing in the community	What is the importance of environmental and cultural events?	Learners to use stimulus materials on cultural and environmental events in the community	MTP Grade 3 page 56-59 Video clips Pictures Maasai shukas Shakers	Observing the items made to show cultural events from pupil.	
	3	Social Environment	Environmental and cultural events in the community	By the end of the sub-strand, the learner should be able to: state how cultural events promote environmental and social wellbeing in the community	What is the importance of environmental and cultural events?	Learners to discuss on environmental and cultural events that promote social wellbeing (tree planting, cultural festivals)	MTP Grade 3 page 56-59 Maasai shukas Shakers	Observing the items made to show cultural events from pupil.	
	4	Social Environment	Environmental and cultural events in the community	By the end of the sub-strand, the learner should be able to: participate in cultural events that promote	How could we participate in environmental	Learners to discuss on environmental and cultural events that promote social wellbeing (tree planting, cultural festivals) Learners are guided on how	MTP Grade 3 page 56-59 Maasai shukas Shakers	Observing the items made to show cultural events from pupil.	

						they could participate in events that promote environmental and social well being			
	5	Social Environment	Environmental and cultural events in the community	By the end of the sub-strand, the learner should be able to: participate in cultural events that promote environmental and social wellbeing in the community	How could we participate in environmental	Learners to discuss on environmental and cultural events that promote social wellbeing (tree planting, cultural festivals) Learners are guided on how they could participate in events that promote environmental and social well being	MTP Grade 3 page 60 Maasai shukas Shakers	Observing the items made to show cultural events from pupil.	
7	1	Social Environment	Environmental and cultural events in the community	By the end of the sub-strand, the learner should be able to: develop interest in environmental and cultural events that promote social	How could we participate in environmental	Learners to find out from elders, parents or guardians about environmental and cultural events that promote social	MTP Grade 3 page 60-61 Maasai shukas Shakers	Observing the items made to show cultural events from pupil.	

				wellbeing in the community		wellbeing and report back.			
	2	Social Environment	Environmental and cultural events in the community	By the end of the sub-strand, the learner should be able to: develop interest in environmental and cultural events that promote social wellbeing in the community	How could we participate in environmental	Learners to find out from elders, parents or guardians about environmental and cultural events that promote social wellbeing and report back.	MTP Grade 3 page 60-61 Maasai shukas Shakers	Observing the items made to show cultural events from pupil.	
	3	Social Environment	Enterprise projects	By the end of the sub-strand, the learner should be able to: define waste materials Identify ways of using waste responsibly to generate income	How can we make money from waste	Learners to identify ways of using waste to generate income (Collection, sorting, Reducing Reusing, recycling)	MTP Grade 3 page 60-61 plastics paper bags	Observing waste materials	
	4	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: in groups of two Identify ways of using waste responsibly to generate income	How can we make money from waste	Learners to identify ways of using waste to generate income (Collection, sorting, Reducing Reusing, recycling)	MTP Grade 3 page 62-63 Plastics paper bags bottles	Observing waste materials	

	5	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: determine suitable waste management activity to generate income at school	How to reuse and reducing waste materials	Learners to observe varied stimulus materials in waste management activities to derive suitable activities for income generation	MTP Grade 3 page 62-63 Plastics paper bags bottles	Observing waste materials pupils get from the school compound	
8	1	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: determine suitable waste management activity to generate income at school	How to recycle and reducing waste materials	Learners to observe varied stimulus materials in waste management activities to derive suitable activities for income generation	MTP Grade 3 page 62-63 Plastics paper bags bottles	Observing waste materials pupils get from the school compound	
	2	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: In group of two determine suitable waste management activity to generate income at school	How to recycle and reducing waste materials	Learners to observe varied stimulus materials in waste management activities to derive suitable activities for income	MTP Grade 3 page 60-61 Plastics paper bags bottles	Observing how to pupil recycle materials	

						generation			
	3	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: participate in waste management activity to generate income at school	What activities could learners undertake to generate income from waste management?	Learners to discuss and identify suitable waste management activity that could be undertaken by the class to generate income (age appropriate activity)	MTP Grade 3 page 62-63 Plastics paper bags bottles	Observing how to pupil recycle materials	
	4	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: in group of 5 utilize the waste in the community to make money	What activities could learners undertake to generate income from waste management?	Learners to discuss and identify suitable waste management activity that could be undertaken by the class to generate income (age appropriate activity)	MTP Grade 3 page 63 Plastics paper bags bottles	Observing how to pupil recycle materials	
	5	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: in group of 5 utilize the waste in the community to make money	What activities could learners undertake to generate income from waste management?	Learners to discuss and identify suitable waste management activity that could be undertaken by the class to	MTP Grade 3 page 63 Plastics	Observing how to pupil recycle materials	

						generate income (age appropriate activity)			
9	1	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: in group of 5 utilize the waste in the community to make money	What activities could learners undertake to generate income from waste management?	Learners to discuss and identify suitable waste management activity that could be undertaken by the class to generate income (age appropriate activity)	MTP Grade 3 page 63 Plastics paper bags bottles	Observing how to pupil recycle materials	
	2	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: in group of 5 utilize the waste in the community to make money	What activities could learners undertake to generate income from waste management?	Learners to discuss and identify suitable waste management activity that could be undertaken by the class to generate income (age appropriate activity)	MTP Grade 3 page 63 Plastics paper bags bottles	Observing how to pupil recycle materials	
	3	Social Environment	Caring for Plants	By the end of the sub-strand, the learner should be able to: give ways of protecting plants in the community	How could we communicate plant protection messages in the community?	Learners to explore and identify areas where plants have been destroyed in community	MTP Grade 3 page 64-65 Sample of plants Video Cut outs	Observing how the pupils care for the plants in the school compound	

	4	Social Environment	Caring for Plants	By the end of the sub-strand, the learner should be able to: in group of two show ways of protecting plants in the community	How could we communicate plant protection messages in the community?	Learners to explore and identify areas where plants have been destroyed in community	MTP Grade 3 page 64-65 Sample of plants Video Cut outs	Observing how the pupils care for the plants in the school compound	
	5	Social Environment	Caring for Plants	By the end of the sub-strand, the learner should be able to: in group of two show ways of protecting plants in the community	How could we communicate plant protection messages in the community?	Learners to explore and identify areas where plants have been destroyed in community	MTP Grade 3 page 65-66 Sample of plants Video Cut outs	Observing how the pupils care for the plants in the school compound	
10	1	Social Environment	Ways of protecting plants	By the end of the sub-strand, the learner should be able to: Learners to discuss and create plant protection messages.	Ways of protecting plants	Learners to discuss and create plant protection messages. Learners to design plant protection messages using print and electronic media	MTP Grade 3 page 65-66 Sample of plants Video Cut outs	Observing the messages created by the pupils.	
	2	Social Environment	Ways of protecting plants	By the end of the sub-strand, the learner should be able to: in group of two Learners to discuss and create plant	Ways of protecting plants	Learners to discuss and create plant protection messages. Learners to design plant	MTP Grade 3 page 68 Sample of plants Video Cut outs	Observing the messages created by the pupils	

				protection messages.		protection messages using print and electronic media			
	3	Social Environment	Messages on plant protection	By the end of the sub-strand, the learner should be able to: create persuasive messages on plants protection in the community	Messages on plant protection	Learners to design plant Protection messages using print and electronic media. Learners to display and peer asses the plant protection messages.	MTP Grade 3 page 66-67 Sample of plants Video Cut outs	Observing the messages created by the pupils	
	4	Social Environment	Messages on plant protection	By the end of the sub-strand, the learner should be able to: In group of two use the phone and create persuasive messages on plants protection in the community	Messages on plant protection	Learners to design plant protection messages using print and electronic media. Learners to display and peer asses the plant protection messages.	MTP Grade 3 page 66-67 Sample of plants Video Cut outs	Observing hoe the pupil on sending message on plant protection	

	5	Social Environment	Communicating plant protection messages in the community	By the end of the sub-strand, the learner should be able to: communicate messages that protect plants in the community appreciate plant protection in the community.	Messages on plant protection	Learners to recite or sing songs on plant protection messages during school assembly. Learners to convey the plant protection messages to the community through print and electronic media.	MTP Grade 3 page 68 Sample of plants Video Cut outs	Observing how the pupil on sending message on plant protection	
11	END OF TERM ASSESSMENT AND CLOSING
