Week	Lsn	Strand/ Theme	Sub Strand	Specific Learning Outcomes	Key Inquiry Questions	Learning Experience	Learning Resources	Assessment Methods	Reflection
1	1	Social Environm ent	Harmonious Living in the Community	By the end of the sub- strand, the learner should be able to: state what is a community and describe a community state what is a community i.e. schools, markets and hospitals.	What is a community?	Learners to visit a market place, explore the sanitation	Our lives today Grade 3 page 64 schools, markets and hospitals	Oral questions for the pupils Observing	
	2	Social Environm ent	Harmonious Living in the Community	By the end of the sub- strand, the learner should be able to: describe ways of keeping the market place clean	What can make the market place dirty?	Learners to visit a market place, explore the Sanitation Learners to observe cleaning activities at a market place from a video clip or photograph	Our lives today Grade 3 page 64 schools, markets and hospitals	Observing what the student researched in the community.	
	3	Social Environm ent	Harmonious Living in the Community	By the end of the sub- strand, the learner should be able to: in group of two visit a	What can make the market place dirty?	Learners to visit a market place, explore the Sanitation	Our lives today Grade 3 page 65 schools,	Observing what the student researched in the community.	

				nearby market place		Learners to observe cleaning activities at a market place from a video clip or photograph	markets and hospitals		
	4	Social Environm ent	Harmonious Living in the Community	By the end of the sub-strand, the learner should be able to: Reflect, think and share their experiences on the sanitation situation in the market place	What can make the market place dirty	Learners to visit a market place, explore the Sanitation Learners to observe cleaning activities at a market place from a video clip or photograph	Our lives today Grade 3 page 65 schools, markets and hospitals	Observing what the student researched in the community.	
	5	Social Environm ent	Harmonious Living in the Community	By the end of the sub-strand, the learner should be able to: Describe how to clean the market place State things used to clean the market place State ways of cleaning the market place	How do we keep the market place clean	Learners to discuss ways of keeping the market place clean. Learners to discuss the importance of keeping the market clean	Our lives today Grade 3 page 66-67 schools, markets and hospitals	Observing how the pupils are cleaning the class, school and community.	
2	1	Social Environm ent	Harmonious Living in the Community	By the end of the sub-strand, the learner should be able to: State things used to: clean the market place State ways of cleaning the market place	How do we keep the market place clean	Learners to discuss ways of keeping the market place clean. Learners to discuss the importance of keeping the market clean	Our lives today Grade 3 page 66-67 schools, markets and hospitals	Observing how the pupils are cleaning the class, school and community.	

	2	Social Environment	Sanitation in The community	By the end of the sub-strand, the learner should be able to: participate in keeping the market place clean to promote social cohesion	How do we keep the market place clean	Learners to reflect think and share their experiences on the sanitation situation in the market place. Learners to discuss ways of keeping the market place clean	Our lives today Grade 3 page 66-67 schools, markets and hospitals	Observing how the pupils are cleaning the class, school and community.	
	3	Social Environment	Sanitation in The community	By the end of the sub-strand, the learner should be able to: appreciate a clean market place for good health.	How do we keep the market place clean	Learners to discuss the importance of keeping the market clean Learners to discuss the role their parents or guardians play during a market cleaning days Learners to display posters with persuasive messages during market cleaning days.	Our lives today Grade 3 page 68 schools, markets and hospitals	Observing how the pupils are cleaning the class, school and community.	
	4	Social Environment	Keeping safe in the community	By the end of the sub-strand, the learner should be able to: Explain who is stranger Identify appropriate ways of responding to strangers in the	Who is a stranger	Learners to listen actively to a relevant age appropriate case story on responding to strangers	Our lives today Grade 3 page 69 Video clips Pictures	Oral questions on people in the community Observing how the pupils are relating to stranger.	

				community					
	5	Social Environment	Keeping safe in the community	By the end of the sub-strand, the learner should be able to: identify appropriate ways of responding to strangers in the community	What should we do when we meet strangers?	Learners to listen actively to a relevant age appropriate case story on responding to strangers Learners to watch a video clip on how they could respond appropriately to strangers	Our lives today Grade 3 page 70-71 Video clips Pictures	Oral questions on people in the community Observing how the pupils are relating to stranger.	
3	1	Social Environment	Keeping safe in the community	By the end of the sub-strand, the learner should be able to: respond appropriately to strangers in the community;	What should we do when we meet strangers?	In groups, learners could share and report back their experiences about responding to strangers	Our lives today Grade 3 page 70-71 Video clips Pictures	Oral questions on people in the community Observing how the pupils are relating to stranger.	
	2	Social Environment	Responding to strangers	By the end of the sub-strand, the learner should be able to: identify appropriate ways of responding to strangers in the community	What should we do when we meet strangers	Learners to listen actively to a relevant age appropriate case story on responding to strangers	Our lives today Grade 3 page 72 Video clips Pictures	Oral questions on people in the community Observing how the pupils are relating to stranger.	

	3	Social Environment	Responding to strangers	By the end of the sub-strand, the learner should be able to: respond appropriately to strangers in the community	What should we do when we meet strangers	Learners to watch a video clip on how they could respond appropriately to strangers In groups, learners to reflect, share and report back their experiences about responding to strangers	Our lives today Grade 3 page 72 Video clips Pictures	Observing what the pupil do when they meet stranger	
	4	Social Environment	Responding to strangers	By the end of the sub-strand, the learner should be able to: take personal responsibility in keeping safe to limit risks.	What should we do when we meet strangers	Learners are guided on how to use phone when in danger Learners to simulate ways of responding appropriately to strangers Learners to find out from parents or guardians appropriate ways of responding to strangers	Our lives today Grade 3 page 72 Video clips Pictures	Observing what the pupil do when they meet stranger	
	5	Social Environment	Responding to strangers	By the end of the sub-strand, the learner should be able to: how to use a phone when in danger	How to use a phone when in danger	Learners to demonstrate how to use a phone when in danger	Our lives today Grade 3 page 72-73 Video clips Pictures	Observing how the pupils using a phone when in danger	

4	1	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: identify safe places in the community	What are the safe places in the community?	Learners to discuss and identify safe places in the community Learners to discuss and identify dangerous places in the community	Our lives today Grade 3 page 74-75	Checking the answer given by the pupils	
	2	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: identify dangerous places in the community	What are the safe places in the community?	Learners to discuss and identify dangerous places in the community Learners to do age appropriate community mapping to identify and mark the safe places and dangerous places	Our lives today Grade 3 page 76-77 Video clips Pictures	Oral question on dangerous places in the community	
	3	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: In group of two identify dangerous places in the community	What are the safe places in the community?	Learners to discuss and identify dangerous places in the community Learners to do age appropriate community mapping to identify and mark the safe places and dangerous places	Our lives today Grade 3 page 76-77 Video clips Pictures	Oral question on dangerous places in the community	

	4	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: identify dangerous places in the community	What are the safe places in the community?	Learners to discuss and identify dangerous places in the community Learners to do age appropriate community mapping to identify and mark the safe places and dangerous places	Our lives today Grade 3 page 76-77 Video clips Pictures	Oral question on dangerous places in the community	
	5	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: keep personal safety in the community	How do we keep safe?	Learners to do age appropriate community mapping to identify and mark the safe places and dangerous places	Our lives today Grade 3 page 78-79 Video clips Pictures	Oral question on keep personal safety in the community giving class assessment	
5	1	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: respond appropriately to security threats in the community	What are the dangerous places in the community?	Learners to recognize indications of dangerous places and situations using the map Learners to respond appropriately to threats against safety	Our lives today Grade 3 page 78-79 Video clips Pictures	Oral question on keep personal safety in the community giving class assessment	

	2	Social Environment	Safe and dangerous places in the community	By the end of the sub-strand, the learner should be able to: respond appropriately to security threats in the community	What are the dangerous places in the community?	Learners to discuss with their parents or guardians about dangerous places in the community and report back.	Our lives today Grade 3 page 78-79 Video clips Pictures	Observing the list of places that are dangerous	
	3	Social Environment	Safe Travel Basic road safety signs	By the end of the sub-strand, the learner should be able to: recognize basic road safety signs	How do basic road safety signs enable safe travel?	Learners to observe stimulus materials to recognize basic road safety signs (pedestrian crossing, stop sign, traffic lights)	Our lives today Grade 3 page 82-83 Video clips Pictures Road signs	Checking the list of road signs the pupils have listed	
	4	Social Environment	Basic road safety signs	By the end of the sub-strand, the learner should be able to: in group of two take a nature walk and identify the basic road safety signs	How do basic road safety signs enable safe travel?	Learners to observe stimulus materials to recognize basic road safety signs (pedestrian crossing, stop sign, traffic lights)	Our lives today Grade 3 page 82-83 Video clips Pictures Road signs	Observing how the pupil identifies road sign and using the signs	
	5	Social Environment	Basic road safety signs	By the end of the sub-strand, the learner should be able to: use basic road safety signs appropriately to enable safe travel	How do basic road safety signs enable safe travel?	Learners to visit a nearby road or children's park for a demonstration on appropriate use of the basic road signs	Our lives today Grade 3 page 82-83 Video clips Pictures Road signs	Observing how the pupil identifies road sign and using the signs	

6	1	Social Environment	Basic road safety signs	By the end of the sub-strand, the learner should be able to: appreciate the use of basic road safety signs in enabling safe travel	How do basic road safety signs enable safe travel?	Learners to play an educational multimedia game on basic road signs. Learners to ask their parents or guardian to take them on a safety walk around their neighborhood and report back.	Our lives today Grade 3 page 84-85 Video clips Pictures Road signs	Observing how the pupil identifies road signs and using the signs	
	2	Social Environment	Environmental and cultural events in the community	By the end of the sub-strand, the learner should be able to: state how cultural events promote environmental and social wellbeing in the community	What is the importance of environmental and cultural events?	Learners to use stimulus materials on cultural and environmental events in the community	Our lives today Grade 3 page 89 Video clips Pictures Maasai shukas Shakers	Observing the items made to show cultural events from pupil.	
	3	Social Environment	Environmental and cultural events in the community	By the end of the sub-strand, the learner should be able to: state how cultural events promote environmental and social wellbeing in the community	What is the importance of environmental and cultural events?	Learners to discuss on environmental and cultural events that promote social wellbeing (tree planting, cultural festivals)	Our lives today Grade 3 page 89 Maasai shukas Shakers	Observing the items made to show cultural events from pupil.	
	4	Social Environment	Environmental and cultural events in the	By the end of the sub-strand, the learner should be able to participate in cultural	How could we participate in environmental	Learners to discuss on environmental and cultural events that promote social	Our lives today Grade 3 page 90-91 Maasai	Observing the items made to show cultural events from	

			community	events that promote		wellbeing (tree planting, cultural festivals) Learners are guided on how they could participate in events that promote environmental and social well being	shukas Shakers	pupil.	
	5	Social Environment	Environmental and cultural events in the community	By the end of the sub-strand, the learner should be able to: participate in cultural events that promote environmental and social wellbeing in the community	How could we participate in environmental	Learners to discuss on environmental and cultural events that promote social wellbeing (tree planting, cultural festivals) Learners are guided on how they could participate in events that promote environmental and social well being	Our lives today Grade 3 page 90-91 Maasai shukas Shakers	Observing the items made to show cultural events from pupil.	
7	1	Social Environment	Environmental and cultural events in the community	By the end of the sub-strand, the learner should be able to develop interest in environmental and cultural events that promote social	How could we participate in environmental	Learners to find out from elders, parents or guardians about environmental and cultural events that promote social	Our lives today Grade 3 page 90-91 Maasai shukas Shakers	Observing the items made to show cultural events from pupil.	

				wellbeing in the community		wellbeing and report back.			
	2	Social Environment	Environmental and cultural events in the community	By the end of the sub-strand, the learner should be able to: develop interest in environmental and cultural events that promote social wellbeing in the community	How could we participate in environmental	Learners to find out from elders, parents or guardians about environmental and cultural events that promote social wellbeing and report back.	Our lives today Grade 3 page 90-91 Maasai shukas Shakers	Observing the items made to show cultural events from pupil.	
	3	Social Environment	Enterprise projects	By the end of the sub-strand, the learner should be able to: define waste materials Identify ways of using waste responsibly to generate income	How can we make money from waste	Learners to identify ways of using waste to generate income (Collection, sorting, Reducing Reusing, recycling)	Our lives today Grade 3 page 90-91 plastics paper bags	Observing waste materials	
	4	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: in groups of two Identify ways of using waste responsibly to generate income	How can we make money from waste	Learners to identify ways of using waste to generate income (Collection, sorting, Reducing Reusing, recycling)	Our lives today Grade 3 page 93 Plastics paper bags bottles	Observing waste materials	
	5	Social Environment	Waste management for income generation	By the end of the sub-strand, the learner should be able to: determine suitable waste	How to reuse and reducing waste materials?	Learners to observe varied stimulus materials in waste	Our lives today Grade 3 page 94 Plastics	Observing waste materials pupils get from the school	

			project at school.	management activity to generate income at school		management activities to derive suitable activities for income generation	paper bags bottles	compound	
8	1	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: determine suitable waste management activity to generate income at school	How to recycle and reducing waste materials	Learners to observe varied stimulus materials in waste management activities to derive suitable activities for income generation	Our lives today Grade 3 page 95 Plastics paper bags bottles	Observing waste materials pupils get from the school compound	
	2	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: In group of two determine suitable waste management activity to generate income at school	How to recycle and reducing waste materials	Learners to observe varied stimulus materials in waste management activities to derive suitable activities for income generation	Our lives today Grade 3 page 95 Plastics paper bags bottles	Observing how to pupil recycle materials	
	3	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: participate in waste management activity to generate income at school	What activities could learners undertake to generate income from waste management?	Learners to discuss and identify suitable waste management activity that could be undertaken by the class to generate income (age appropriate	Our lives today Grade 3 page 95 Plastics paper bags bottles	Observing how to pupil recycle materials	

						activity)			
	4	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: in group of 5 utilize the waste in the community to make money	What activities could learners undertake to generate income from waste management?	Learners to discuss and identify suitable waste management activity that could be undertaken by the class to generate income (age appropriate activity)	Our lives today Grade 3 page 97 Plastics paper bags bottles	Observing how to pupil recycle materials	
	5	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: in group of 5 utilize the waste in the community to make money	What activities could learners undertake to generate income from waste management?	Learners to discuss and identify suitable waste management activity that could be undertaken by the class to generate income (age appropriate activity)	Our lives today Grade 3 page 97 Plastics	Observing how to pupil recycle materials	
9	1	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: in group of 5 utilize the waste in the community to make money	What activities could learners undertake to generate income from waste management?	Learners to discuss and identify suitable waste management activity that could be undertaken by the class to generate income (age appropriate activity)	Our lives today Grade 3 page 97 Plastics paper bags bottles	Observing how to pupil recycle materials	

	2	Social Environment	Waste management for income generation project at school.	By the end of the sub-strand, the learner should be able to: in group of 5 utilize the waste in the community to make money	What activities could learners undertake to generate income from waste management?	Learners to discuss and identify suitable waste management activity that could be undertaken by the class to generate income (age appropriate activity)	Our lives today Grade 3 page 97 Plastics paper bags bottles	Observing how to pupil recycle materials	
	3	Social Environment	Caring for Plants	By the end of the sub-strand, the learner should be able to: give ways of protecting plants in the community	How could we communicate plant protection messages in the community?	Learners to explore and identify areas where plants have been destroyed in community	Our lives today Grade 3 page 104-105 Sample of plants Video Cut outs	Observing how the pupils care for the plants in the school compound	
	4	Social Environment	Caring for Plants	By the end of the sub-strand, the learner should be able to: in group of two show ways of protecting plants in the community	How could we communicate plant protection messages in the community?	Learners to explore and identify areas where plants have been destroyed in community	Our lives today Grade 3 page 105-106 Sample of plants Video Cut outs	Observing how the pupils care for the plants in the school compound	
	5	Social Environment	Caring for Plants	By the end of the sub-strand, the learner should be able to: in group of two show ways of protecting plants in the community	How could we communicate plant protection messages in the community?	Learners to explore and identify areas where plants have been destroyed in community	Our lives today Grade 3 page 105-106 Sample of plants Video	Observing how the pupils care for the plants in the school compound	

							Cut outs		
10	1	Social Environment	Ways of protecting plants	By the end of the sub-strand, the learner should be able to: Learners to discuss and create plant protection messages.	Ways of protecting plants	Learners to discuss and create plant protection messages. Learners to design plant protection messages using print and electronic media	Our lives today Grade 3 page 107-108 Sample of plants Video Cut outs	Observing the messages created by the pupils.	
	2	Social Environment	Ways of protecting plants	By the end of the sub-strand, the learner should be able to: in group of two Learners to discuss and create plant protection messages.	Ways of protecting plants	Learners to discuss and create plant protection messages. Learners to design plant protection messages using print and electronic media	Our lives today Grade 3 page 107-108 Sample of plants Video Cut outs	Observing the messages created by the pupils	
	3	Social Environment	Messages on plant protection	By the end of the sub-strand, the learner should be able to: create persuasive messages on plants protection in the community	Messages on plant protection	Learners to design plant Protection messages using print and electronic media. Learners to display and peer asses the plant protection messages.	Our lives today Grade 3 page 109 Sample of plants Video Cut outs	Observing the messages created by the pupils	
	4	Social Environment	Messages on plant protection	By the end of the sub-strand, the learner should be able to:	Messages on plant protection	Learners to design plant protection messages using	Our lives today Grade 3 page 109	Observing hoe the pupil on sending message	

				In group of two use the phone and create persuasive messages on plants protection in the community		print and electronic media. Learners to display and peer assesses the plant protection messages.	Sample of plants Video Cut outs	on plant protection	
	5	Social Environment	Communicating plant protection messages in the community.	By the end of the sub-strand, the learner should be able to: communicate messages that protect plants in the community Appreciate plant protection in the community.	Messages on plant protection	Learners to recite or sing songs on plant protection messages during school assembly. Learners to convey the plant protection messages to the community through print and electronic media.	Our lives today Grade 3 page 110 Sample of plants Video Cut outs	Observing how the pupil on sending message on plant protection	
11	END OF TERM ASSESSMENT AND CLOSING
