

STAREHE BOYS' 2025 PREDICTION

Kenya Certificate of Secondary Education
ANTICIPATED KCSE EXAM

232/3

Physics (Practical)

Paper 3

Time: 2½ Hours

PHYSICS CONFIDENTIAL

Physics teachers to ensure the following apparatus are provide.

QUESTION ONE

- An ammetre (range 0-1A)
- A resistance wire labelled R 28Gw or $d = 0.36\text{mm}$
- Two new dry cell (size D) and a cells holder
- Six connecting wires at least 3 with crocodile clips at the ends
- A switch
- A jockey
- A micrometer screw gauge (to be shared)
- A voltmeter (0-3V)
- Source of Heat
- A piece of cotton thread (30cm)
- A plastic beaker wrapped with tissue paper on the outside
- Liquid L (water)

QUESTION TWO

PART A

- A metre rule
- Two identical 100g masses (labelled A and B)
- Liquid L in 250ml beaker, $\frac{3}{4}$ full (water)
- Three pieces of thread, each 30cm long
- Stand with clamps
- Tissue paper
- Vernier calipers (to be shared)
- A glass beaker (500ml)
- Metal solid (pendulum bob of about 65g)
- Some water
