

ENVIRONMENTAL SCHEME OF WORK GRADE 1 TERM 1

NAME	
TSC NO.	
SCHOOL	

SCHOOL	GRADE	LEARNING AREAS	TIME	YEAR
	1			2021

Week	Lesson	Strand Theme	Sub Strand	Specific Learning Outcomes	Key Inquiry Question(S)	Learning Experience	Learning Resources	Assessment Methods	Reflection
1	1	Environment and Its Resources	Weather and the sky (observing the sky)	By the end of the lesson the learner should be able to: Describe the day draw the appearance of the sky during the day	What do we see when we look at the sky during the day	Learners to observe the sky (the sun, moon, stars, and clouds during the day and share the observation)	Sky Video Clips Cut outs Our lives today grade 1 page 2-4	Observing what the pupil has drawn from observing the sky during the day	
	2	Environment and Its Resources	Weather and the sky Observing the sky)	By the end of the lesson the learner should be able to: Describe the appearance of the sky during the night Observe differences in appearance of the sky during the day and the night	What do you see when we look at the sky during the night?	With the help of parents or guardians, learners to observe the appearance of the sky at night and report back	Sky Video Clips Cut outs Our lives today grade 1 page 2-4	Observing what the pupil has drawn from observing the sky during the night	
	3	Environment	Weather and	By the end of the	What do you	Learner to play	Computer games	Observing how	

		and Its Resources	sky(observing the sky)	lesson the learner should be able to develop curiosity in observing appearance of the sky for enjoyment Tell and discuss the observations made	see when you look at the sky during the day and at night	educative competition games on sun, moon, clouds, and stars Learners to draw and color the sun, moon, clouds and stars	Sky Pictures Our lives today grade 1 page 5-7	to student are working together to learn sky a during the day Asking the pupils what they have seen from the sky	
	4	Environment and Its Resources	Weather and sky(observing the sky)	By the end of the lesson the learner should be able to develop curiosity in observing appearance of the sky for enjoyment Tell and discuss the observations made	What do you see when you look at the sky during the day and at night	Learner to play educative competition games on sun, moon, clouds, and stars. Learner to draw and color the sun, moon, clouds and stars	Computer games Sky Pictures Our lives today grade 1 page 5-7	Observing how to student are working together to learn sky a during the day Asking the pupils what they have seen from the sky	
	5	Environment and Its Resources	Weather and sky(observing the sky)	By the end of the lesson the learner should be able to recognize weather conditions of the day	What is the weather today?	Learners to explore weather conditions as an outdoor activity	Computer games Sky Pictures Our lives today grade 1 page 5-7	Observing how to student are working together to learn sky a during the day Asking the pupils what they have seen from the sky	
2	1	Environment and Its Resources	Exploring weather conditions	By the end of the lesson the learner should be able to	What is the weather today	Learners to draw and color the weather symbols	Exploring weather conditions Our lives today	Observing the weather identified by the	

				Learners to draw weather conditions of the day Learners to identify weather conditions of the day		explored	grade 1 page 8-9	pupil today	
	2	Environment and Its Resources	Exploring weather conditions	By the end of the lesson the learner should be able Learners to work in groups and identify the weather on the same day but different days to recognize weather conditions of the day	What is the weather yesterday from the picture?	In groups, learners to observe weather conditions of the day in the immediate environment	Exploring weather conditions Pictures Our lives today grade 1 page 9	Observing the weather identified by the pupil from yesterday	
	3	Environment and Its Resources	Exploring weather conditions	By the end of the lesson the learner should be able Learners to identify weather conditions of the previous day	What if the weather yesterday from the picture?	Learners to draw and color the weather symbols explored	Exploring weather conditions Pictures Our lives today grade 1 page 9	Observing the weather identified by the pupil from yesterday	
	4	Environment and Its Resources	Exploring weather conditions	By the end of the lesson the learner should be able Learners to work in groups and identify the weather of different days Learners to identify weather conditions of the previous day	What will the weather be like?	In groups, learners to observe weather conditions of the day in the immediate environment	Exploring weather conditions Pictures Our lives today grade 1 page 10	Observing the conversation between the pupils regarding the weather of different days	

	5	Environment and Its Resources	Exploring weather conditions	By the end of the lesson the learner should be able Learners to work in groups and identify the weather of different time (morning and afternoon)	What will the weather be like to day morning?	In groups, learners to observe weather conditions of the day in the immediate environment	Exploring weather conditions Pictures Our lives today grade 1 page 10	Observing the conversation between the pupils regarding the weather of different days	
3	1	Environment and Its Resources	Exploring weather conditions	By the end of the lesson the learner should be able Learners to make a weather poster and colour it with real colour that the pupil saw in the previous class Appreciate weather conditions at different times of the day	How to make a weather poster a to colour it?	Make your own weather poster and colour it	Exploring weather conditions Pictures Our lives today grade 1 page 10-11	Observing the work done the pupils on making the poster Asking the pupils different questions on weather	
	2	Environment and Its Resources	Water	By the end of the sub-strand, the learner should be able to: Identify different sources of water in the immediate Environment.	What are sources of water?	Learners to brainstorm on sources of water Learners to observe a variety of stimulus materials on sources of water	Water Rivers Lakes Tap water Dams Pictures Our lives today grade 1 page 12-13	Asking the pupils the number of water resources next to them.	

	3	Environment and Its Resources	Water	By the end of the sub-strand, the learner should be able to: In groups of two visit places near the school and list the number of water resource. appreciate different sources of water in the immediate environment	Identifying water resources near the school	Learners to learners to visit the area near the school and identify the resource near the school Learners to draw some of the water resources that they found.	Water Rivers Lakes Tap water Dams Pictures Our lives today grade 1 page 12-13	Observing the listed number of water resources found in the area	
	4	Environment and Its Resources	Uses of water	By the end of the sub-strand, the learner should be able to: Identify different uses of water in the home and school	How could we use water responsibly in the home and School?	Learners to identify different uses of water using varied stimulus materials	Water Rivers Lakes Tap water Dams Pictures Our lives today grade 1 page 16-17	Asking pupils the uses of water Observing how the pupils are using water near the school	
	5	Environment and Its Resources	Uses of water	By the end of the sub-strand, the learner should be able to: use water to do different activities in school in groups	How could we use water responsibly in the home and School?	Learners to identify different uses of water using varied stimulus materials	Water Rivers Lakes Tap water Dams Pictures Our lives today grade 1 page 16-17	Observing how the pupils are using water near the school	
4	1	Environment and Its Resources	Uses of	By the end of the sub-strand, the	How can we use water well?	Learners to discuss careful use of water	Water	Observing how well the pupils	

		Resources	water well	learner should be able to: demonstrate careful use of water in the home and school explain how water can be used well		in the home and school	Rivers Lakes Tap water Dams Pictures Our lives today grade 1 page 18-19	use water	
	2	Environment and Its Resources	Uses of water well	By the end of the sub-strand, the learner should be able to: Demonstrate how to use water to do different activities in school and at home in groups	How could we use water responsibly in the home and School?	Learners to identify different uses of water using varied stimulus materials	Water Rivers Lakes Tap water Dams Pictures Our lives today grade 1 page 17-18	Observing how the pupils are using water near the school in groups	
	3	Environment and Its Resources	Playing with soil	By the end of the sub-strand, the learner should be able to: Learners to identify ways of playing with soil for enjoyment playing with soil for learning purpose	How can we play with soil	Learners to identify ways of playing with soil Learners to fill and empty cans with soil for fun Learner to model different objects using soil	Our lives today grade 1 page 19-21 Soil, clay	Asking the pupils how to use soil for enjoyment.	
	4	Environment and Its Resources	Playing with soil	By the end of the sub-strand, the learner should be able to: draw on the soil for the purpose of learning	How can we draw on the soil	Learners to draw on the soil and make different patterns using soil paints	Our lives today grade 1 page 19-21 Soil Clay Stick	Observe how the pupils draw on the soil for purpose of learning	
	5	Environment	Playing	By the end of the sub-	How can I	Learners to draw on	Our lives today	Observe how	

		and Its Resources	with soil	strand the learner should be able to: work on their own and draw on the soil for the purpose of learning	draw on the soil	the soil and make different patterns using soil paints	grade 1 page 19-21 Soil Clarions Stick	the pupils draw on the soils for purpose of learning	
5	1	Environment and Its Resources	Playing with soil	By the end of the sub-strand, the learner should be able to: play with soil in different ways for enjoyment	We can fill our tins with soil	Learners to fill our tins with soil	Our lives today grade 1 page 24 Soil Clarions Tins Bottles	Observe how the pupils fill the tins with soils purpose of learning and enjoyment	
	2	Environment and Its Resources	Playing with soil	By the end of the sub-strand, the learner should be able to: model different objects using soil at school	We can use wet soil to make things	Learner to model different objects using soil Learners to draw on the soil and make different patterns using soil paints	Our lives today grade 1 page 25 Soil Clarions Tins Bottles Water	Observe how the pupils can use wet soil to make things	
	3	Environment and Its Resources	Playing with soil	By the end of the sub-strand, the learner should be able to: develop curiosity in playing with soil for enjoyment	How to use soil and soil for creativity and enjoyment	Learners to find out more from parents or guardians on how to play with soil	Our lives today grade 1 page 26-28 Soil Clarions Tins Bottles Water	Observe how the pupils can use wet soil to make things	
	4	Environment and Its Resources	Plants exploring(pl ants in the immediate environment	By the end of the sub-strand, the learner should be able to: Identify plants in the	Which plants we see around us	Learners to take a nature walk to observe different plants in the immediate	Our lives today grade 1 page 29-30 Plants like Maize, Banana Plants,	Observe how the pupils can have listed the name of plants	

			)	immediate environment Name the plants found near the school compound.		environment Learners in groups of two to list the number of plants found in the immediate environment.	Cabbage, Beans Tomatoes etc.		
	5	Environment and Its Resources	Plants exploring(pl ants in the immediate environment)	By the end of the sub-strand, the learner should be able to: In groups of 3, the student to list and draw plants in the environment and at home	Which plants we see around us	Learners in groups of 3 the learner to list and draw plants in the environment and at home.	Our lives today grade 1 page 31 Plants like Maize, Banana Plants, Cabbage, Beans Tomatoes , rose flower etc.	Observe how the pupils have listed and drawn different types of plants Oral question on the name of plants each pupil has identified.	
6	1	Environment and Its Resources	Plants exploring(pl ants in the immediate environment	By the end of the sub-strand, the learner should be able to: Taking a nature walk the pupil and teachers and identify the plant in the school compound.	Which plants we see around the school compound.	learners to think, pair and share about plants that they observed during the nature walk	Our lives today grade 1 page 32-33 Plants like Maize, Banana Plants, Cabbage, Beans Tomatoes, rose flower etc.	Observe how the pupils can have listed the name of plants	
	2	Environment and Its Resources	Plants exploring (plants in the immediate environment)	By the end of the sub-strand, the learner should be able to: Naming the plants found near the school	Which plants we see around the school compound.	learners to think, pair and share about plants that they observed during the nature walk	Our lives today grade 1 page 32-33 Plants like Maize, Banana Plants, Cabbage, Beans Tomatoes, rose	Observe how the pupils can have listed the name of plants	

							flower etc.		
	3	Environment and Its Resources	Plants exploring(pl ants in the immediate environment	By the end of the sub- strand, the learner should be able to: observe plants in the immediate environment to realize the diversity in plants	Which plants we see around the school compound	Learners to draw and colour plants that they liked during the nature walk Learners to gather more information parents or guardians about plants and Report back.	Our lives today grade 1 page 34-35 Plants like Maize, Banana Plants, Cabbage, Beans Tomatoes , rose flower	Observe how the pupils can have listed the name of plants	
	4	Environment and Its Resources	Plants exploring(pl ants in the immediate environment	By the end of the sub- strand, the learner should be able to: Plantssampleof seeds Identify different leaves	How to plant seed. What kind of leaves did you see	Learners to mention ways of planting and caring forplants	Our lives today grade 1 page 34-35 Plants like Maize, Banana Plants, Cabbage, Beans Tomatoes , rose flower	Observe how the pupils plant the seed Observer how the pupil take care of the seed planted,	
	5	Environment and Its Resources	Plants exploring(pl ants in the immediate environment	By the end of the sub- strand, the learner should be able to: Draw and color make prints of leaves	What kind of leaves did you see	Learners to mention leaves did yousee	Our lives today grade 1 page 34-35 Plants like Maize, Banana Plants, Cabbage, Beans Tomatoes, rose flower	Observe how the pupils name the leaves. Observing the drawing of the leaves	
7	1	Environment and Its Resources	Plants exploring(pl ants in the immediate environment	By the end of the sub- strand, the learner should be able to: Identify different seeds	Which plants grow in the garden	Learners to draw and name the parts ofplant	Our lives today grade 1 page 34-35 Plants like Maize, Banana Plants, Cabbage, Beans Tomatoes, rose flower	Observe how the pupils name the leaves. Observing the drawing of the leaves	
	2	Environment	Animals	By the end of the sub-	What animals	Learners are	Our lives today	Observing the	

		and Its Resources	(exploring animals in the immediate environment)	strand, the learner should be able to: identify different animals in the immediate environment	are found in the immediate environment?	guided to identify different animals (small and big)	grade 1 page 35-36. Cow Goat Dog Cat Chicken	listed names of animals	
	3	Environment and Its Resources	Animals (exploring animals in the immediate environment)	By the end of the sub-strand, the learner should be able to: Identify small animals Identify big animals	What small animals are found in the immediate environment?	Learners are guided to identify different small animals	Our lives today grade 1 page 35-36. Cow Goat Dog Cat Chicken	Observing the listed names of small animals	
	4	Environment and Its Resources	Animals (exploring animals in the immediate environment)	By the end of the sub-strand, the learner should be able to: define domestic animals Identify domestic animals Identify products from domestic animals	What big animals are found in the immediate environment?	Learners are guided to identify different domestic animals	Our lives today grade 1 page 35-36. Cow Goat Dog Cat Chicken	Observing the listed names of domestic animals	
	5	Environment and Its Resources	Animals (exploring animals in the immediate environment)	By the end of the sub-strand, the learner should be able to: Identify products from domestic animals Identify wild	What are the products from domestic animals	Learners to tell products from different animals (using stimulus material)	Our lives today grade 1 page 36-37 Cow Goat Dog Cat Chicken	Observing the listed names of domestic products from animals.	

				animals					
8	1	Environment and Its Resources	Animals (exploring animals in the immediate environment	By the end of the sub-strand, the learner should be able to: Learners to observe different animals in the immediate environment • Observe insects	What are insect from near the school compound	Learnersto observeand identify insects	Our lives today grade 1 page 36-37	Observing the listed names of insect found near the school compound	
	2	Environment and Its Resources	Animals (exploring animals in the immediate environment	By the end of the sub-strand, the learner should be able to: Learners to observe different animals in the immediate environment	What are insect from near the school compound	Learnersto observeand identify insects	Our lives today grade 1 page 36-37	Observing the listed names of insect found near the school compound	
	3	Environment and Its Resources	Animals (exploring animals in the immediate environment	By the end of the sub-strand, the learner should be able to Drawing insects found near the school compound	What are insect from near the school compound	Learnersto observeand identify insects	Our lives today grade 1 page 36-37	Observing the listed names of insect found near the school compound	
	4	Environment and Its Resources	Animals (exploring animals in the immediate environment	By the end of the sub-strand, the learner should be able to: Learners to observe water animals found near the water resources	Which animals are found in water	Learners to observe identify fish	Our lives today grade 1 page 36-37	Observing the listed names of fish found near the school compound	

				environment					
	5	Environment and Its Resources	Animals (exploring animals in the immediate environment	By the end of the sub-strand, the learner should be able to: Drawing water animals found near the school compound	Which animals are found in water	Learners to observe identify fish	Our lives today grade 1 page 36-37	Observing the drawn image of water animals	
9	1	Environment and Its Resources	Animals (exploring animals in the immediate environment	By the end of the sub-strand, the learner should be able Learner to observe and identify parts of bird to: Observe birds (he) Observe animals without legs	Which animals are animals without legs	Learners to observe identify fish	Our lives today grade 1 page 36-37	Observing the listed names of fish found near the school compound	
	2	Environment and Its Resources	Animals (exploring animals in the immediate environment	By the end of the sub-strand, the learner should be able Learners to appreciate diversity of animals in the immediate environment	How many animals have observed?	The learner should be able to draw various types of animals and name the body part	Our lives today grade 1 page 36-37	observe and identify animals found near the school	
	3	Environment and Its Resources	Animals (exploring animals in the immediate environment	By the end of the sub-strand, the learner should be able Learners to appreciate diversity of animals in the immediate environment	How many animals have observed?	The learner should be able to draw various types of animals and name the body part	Our lives today grade 1 page 36-37	observe and identify animals found near the school	
	4	Environment and Its Resources	Animals (exploring animals in	By the end of the sub-strand, the learner should be able	What do we get from different animals	The learner should be able to draw various	Our lives today grade 1 page 36-37	observe and identify animals found near the
